VISION, MISSION AND VALUES

Vision

- To emerge as a global hub of knowledge creation, cutting edge research & development and the centre for development of skills to create entrepreneurs capable of contributing to different fields.
- To emerge as a preferred choice for students at global level to pursue their passion would help develop them as leaders in their respective fields.

Mission

Our mission is to advance, network and disseminate knowledge in a way that helps in creating contributing citizens to global society. We aim at delivering knowledge that blends academic rigour, curiosity and intellectual simulation. Education at ITM University Gwalior should help students becoming capable of judicious introspection and objective reflection. Our students are expected to be capable of raising pertinent questions, challenging status-quo, change-catalyst, serve as team players, have quest for life-long learning, aim realizing their full potential and have an intent of serving society.

Values

We understand:

Role of a University in the society, principles of inclusivity and diversity, shared governance, role of rich academic debate, importance of sustainable development, cultural plurality and freedom of thought & expression.

We value:

Inquiry, scientific temper, social justice, creativity, differing perspectives, innovation, academic freedom, dialogues, excellence, quality and service motive.

We promote:

Learning culture, research, ethical behaviour, Indian ethos and values, entrepreneurship, spirit of inquiry, well-rounded personality, practical learning and merit.

Dear students, faculty and staff of this fine university in Gwalior. It has been delightful, stimulating and memorable to visit and discuss science with you today. I wish to encourage your interest and enthusiasm for science. I hope to assist you further in your efforts in the future. All good wishes.

Disclaimer : ITM University Gwalior has no connection with any other University with the similar name anywhere else in India.

“... nothing gives me more happiness & satisfaction than seeing smiles on the faces of young boys & girls as they enjoy the learning process in the Campus, make life long friends, work hard to cope with the challenges of their curricular & co-curricular schedules and indulge with vigour in extra-curricular activities, find time to enjoy life, groom themselves as fine Ladies & Gentlemen sensitive to global Arts & Culture, ready to plunge into their chosen professions and finally work overtime to care for their immediate & Global family and see that Mother Earth and all its inhabitants are saved from catastrophic human interventions. I do believe of these young people becoming ethically right, successful & enjoy their lives to the fullest...”

Ramashankar Singh
Chancellor

MESSAGE

MANAGING TRUSTEE

At ITM University Gwalior, we seek self-motivated individuals who believe in charting their own methods of learning, who take full advantage of the opportunities, and are willing to contribute their very best. They will join a rewarding network of scholars, advisors, academia and alumni who have attained some of the most coveted positions in the industry and society in India and abroad. Education at ITM University Gwalior is filled with challenges and rewards limited only by the boundaries of your energy, imagination and the willingness to take challenges. We believe in involving our students as collaborators, stakeholders and colleagues; after all there is so much to learn from each other both within the classroom as well as outside.

ITM University Gwalior campus is ever bubbling with creativity of world renowned Artists in different disciplines interacting with our students. Scholars, Heads of Govts., Noble laureates, Policy makers and opinion framers & Vice-Chancellors keep visiting us at regular intervals to guide and inspire students and staff.

The campus is perceived as hub of academic & artistic activities with no parallel around.

I invite you to be a part of the fraternity in these challenging yet promising times and contribute towards creating a harmonious, peaceful and rewarding future.

Kanupriya Singh Rathore
Managing Trustee

MESSAGE

PRO-CHANCELLOR & TRUSTEE

ITM University Gwalior is a multidisciplinary University with an aim to fostering highest quality teaching and research across the academic spectrum. The University has been crowned with more than 20 awards and adjudged as “Best University for Advanced Learning” in 2017. Notably, the ITM University was ranked 32nd in Management and 58th in Engineering programs respectively by the National Institutional Ranking Framework (NIRF), Ministry of Human Resource Development (MHRD) Government of India in 2016. This year AICTE ranked ITM University in Platinum Category i.e. amongst the best in India.

The University is dedicated to offer high quality education and inspire students to set and achieve higher goals in life. The academic programs are richly blended with co-curricular and extra-curricular activities in order to enhance sensitivity and inculcate leadership qualities amongst students. Our students are encouraged to master the art of raising pertinent questions, challenging status-quo, acting as change-catalysts, serving as team players and have quest for life-long learning with intent of serving society. We aim at delivering knowledge that blends academic rigour, curiosity and intellectual stimulation. The education at ITM University Gwalior is intended to help students becoming capable of judicious introspection and objective reflection.

We hope that the University will achieve greater recognition and excellence in the years to come and give us appropriate satisfaction on what we are trying to achieve.

Ruchi Singh Chauhan
Pro-Chancellor & Trustee

MESSAGE

MANAGING DIRECTOR

I am delighted to see ITM University evolve into an academic launching pad for young achievers. Our sound curriculum is complemented by rich libraries, well-equipped classrooms and laboratories, lecture halls and auditoriums. Besides, the University has also created state-of-the-art infrastructure for sports with a keenness to nurture budding talents and grooming their overall personality. The university regularly hosts a plethora of cultural and sport events in addition to organizing intellectual exchanges in form of seminars, conferences, symposiums to foster a conducive teaching-learning environment.

'Idea-Pad' which today stands as the incubator of the university is a uniquely conceived activity aimed at promoting entrepreneurial skills among learners thereby empowering them to emerge as job-givers. Till date fourteen innovative ideas emanating from the minds of young entrepreneurs could be converted into prototypes out of which a few have already started functioning from our campus as companies with a turnover of more than a crore.

Our journey so far has been hugely successful. It is indeed gratifying to see our young and bright scholars bag their dream jobs. Our campus placement experience with the big MNCs is overwhelming which speaks highly of the training efforts of the university and that of the students' performance. We look forward to receiving reputed brands and companies in greater numbers in the days to come. In view of this I urge upon my dear students to work diligently and with zeal to convert every opportunity that comes their way into real success.

Dr. Daulat Singh Chauhan
Managing Director

Welcome to the ITM University Gwalior-a unique institution of higher learning and academic excellence. In our endeavour to fulfill the dreams of our Chancellor and visionary Hon'ble Shri Ramashankar Singh, the University is dedicated to its ecological and societal responsibility for transforming every student into a "Sensitive Human" and by igniting the "invisible sun" in their minds. The 'core values' of this University is derived from its engagement with high quality teaching and excellence in research.

We would like to see our students glow with the radiance of knowledge. We intend to sharpen their observations, improve their communicative skills and help develop in them objective minds and sensitive hearts. Our emphasis on value-oriented knowledge sharing approach infuses them with the courage and confidence to stand by truth in all walks of life. By upholding innovations in teaching and learning, strong industry-academia linkages and partnerships with the top academic institutions of the world offer our students the most vital edge over others to emerge as world class professionals in their own chosen fields.

The need for 'holistic education' has not diminished even a bit as equity, excellence and social relevance are the main planks for achieving success in the evolving global society. We emphasize on the purpose of education, the essence of education, and adopt an integrated approach to teaching-learning which conforms to our socio-cultural ethos.

Our academic programs reflect the recent developments in technology, research and practical training besides allowing unlimited academic freedom, diverse choices in course combinations and international exposures. ITM University, Gwalior thus offers a very dynamic innovation-ecosystem. It stands as a blooming nursery of knowledge, where everyone will be encouraged to pluck as many flowers as they wish in order to add beauty and fragrance of wisdom in their lives.

We warmly invite all young aspirants, inquisitive minds and dreamers to join us and experience the thrill of treading ahead on the glorious path of knowledge.

WHY ITM UNIVERSITY GWALIOR

Invent Your Future

At ITM University Gwalior you get an opportunity to link your studies to your career plan and personal goals by using combination of compulsory credits, optional credits, self-learning credits, MOOC, non-CGPA credits for curricular and extra-curricular activities. Here you get enormous opportunities to share your ideas and domain expertise with industry leaders. Technically you can craft your own degree.

Join a Community of Innovators

Welcome to the world of university-based innovation development and commercialization opportunities to potential research collaborators, licensees and inventors. This University is designed to cultivate research and innovation activities in collaboration with industries and other academic institutions. We leverage our research collaboration, incubation centre, consultancy skills & enterprise training to offer a perfect eco-system to young innovators where you, along with your research and ideas, can converge in meaningful, life-changing ways with industry and the entrepreneurial community.

It's an experience

You can stretch assignments out of the box in an area of interest where you have little or no experience to get a well rounded personality. The University offers you a wealth of different opportunities to make your university experience unforgettable. Develop interest in art like painting, dancing, creating music, etc. The university promotes sport as a part of University level competition organised by Association

of Indian Universities (AIU) on all India basis and pursue hobbies (like crafts, collecting, etc.). Coming to university is also about developing as a person and gaining experience and skills to help you succeed in your studies, and with whatever you choose to do after university. You can take advantage of opportunities to gain recognition for activities undertaken outside the curriculum. This will help you make the most of your time at university, and gain valuable skills and experience that will enhance your employability and help you realise your potential.

A few pride inducing facts about ITM University

We are one of the most awarded Universities of the country

ITM University Gwalior is one of the most awarded Universities of the Country. It has received awards in the areas of innovation, creating employment opportunities, industry interface, teaching-learning processes and others.

Our graduates get jobs

ITM University Gwalior is an offshoot of ITM Group of Institutions which has had a presence in academics for last 17 years. We have been rewarded by ASSOCHAM for creating highest employment opportunities. 62,226 employment opportunities have been provided to students till date by the group.

We offer courses co-created with industries

ITM University Gwalior has uniquely inverted process of

“What is now proved was once only imagined.”

- William Blake

creating and offering courses. Now industries are creating courses and taking care of grooming students end-to-end, and connecting them with employment opportunities.

Recognized and Accredited Degrees

University has approvals of UGC, AICATE, CoA, NCI, NCTE, PCI, INC etc. Deptt. of Science is accredited by NAAC . The University is IOA accredited.

We're digital yet personal

All our courses are delivered via e-learning platform making learning more customized, personal and 360°. We work on three e-platforms viz., Management Information System (MIS), Student Information System (SIS) and Smart Campus (ERP Software) to offer students personal and customized academic and administrative services 24X7 hrs.

We aim at world-class research

Research publications at the University have surged to about 900 by the year 2016. Research papers written by our faculties are among the most downloaded papers in their fields.

We are among few in the country to implement PBL (Project Based Learning)

Projects driven by 'need to know' fuelling inquiry and innovation are part of all the subjects offering holistic perspective of concepts and assimilation of knowledge and inculcating valuable skills. At ITMU projects are part of all courses you study.

Craft your own degrees

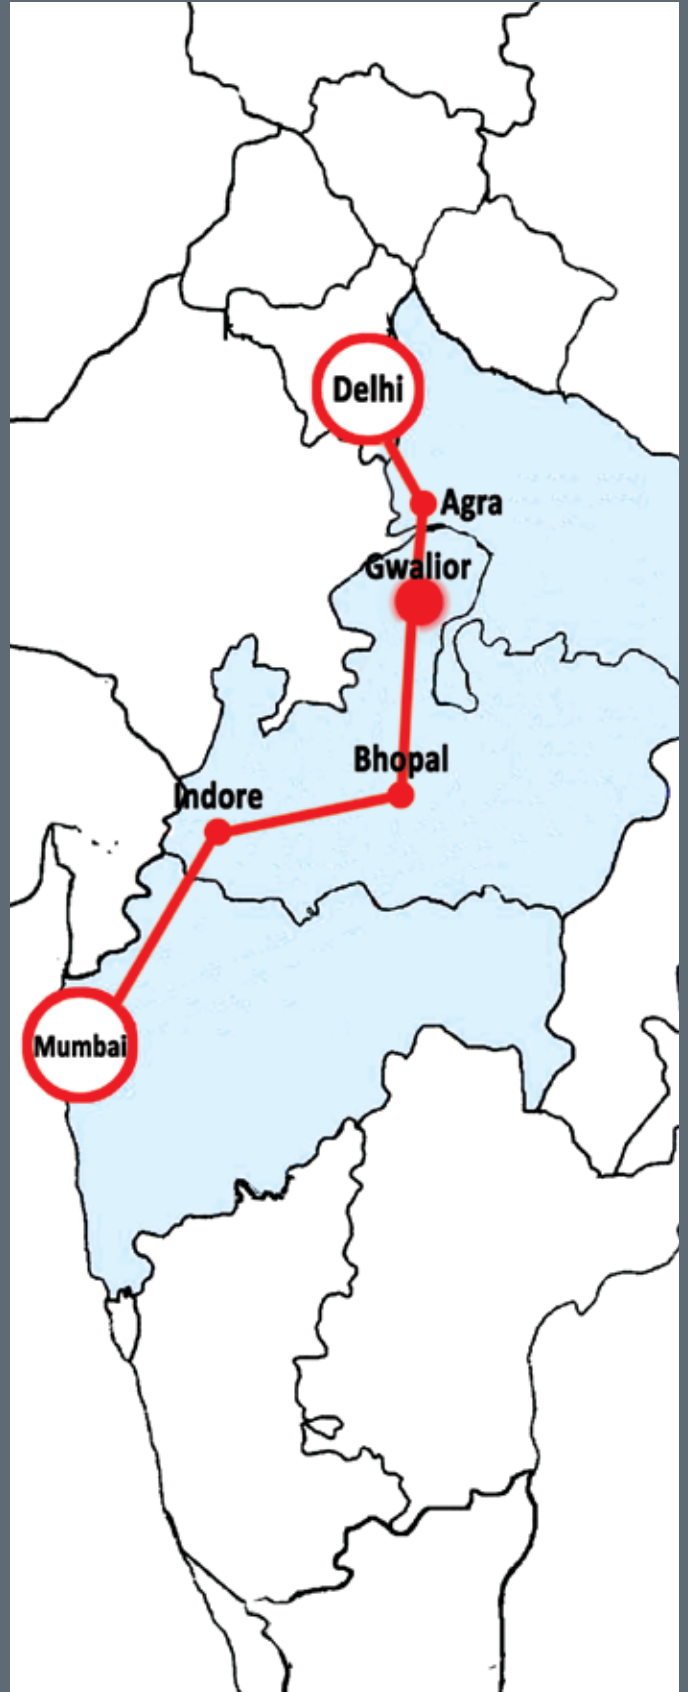

All subjects that are the part of the programme are only proposed ones. Students can craft their degrees selecting few MOOC courses and online courses from foreign universities.

Pursue Your Passion

You get ample opportunities and space to pursue activities that drive you. Students' clubs ranging from fine arts, music, painting, sculpture and others help you not only to unleash your potential but also offer a sense of fulfillment.

LOCATION OF THE UNIVERSITY

"Knowledge speaks, but wisdom listens"

- Jimi Hendrix

"In ITM University Gwalior, I gained lots of experience and I got an opportunity to learn so much from being here. ITM University provides vast opportunities to learn to be creative and to have an innovative mind. Apart from that the extracurricular activities are really conducted in a very serious manner and instead of being in class all the time you get opportunities also to participate in various sports like basketball, football, cricket, volleyball and many more. Coming to ITMU is one the best choices I have ever made because I have really benefited through this and I got the opportunity to learn & to be a better person."

Choolwe Malila, B.Sc. (Biotech), Zambia

INNOVATIVE TEACHING-LEARNING PROCESS

The teaching-learning process has been evolved benchmarking global best practices, research in higher education and reflections of stake holders.

“It is not that I’m so smart. But I stay with the questions much longer.”

- Albert Einstein

Project Based Learning (PBL)

We are among few in the country to implement Project Based Learning (PBL) system. PBL is a student-centered pedagogy. It is a dynamic approach to teaching in which students explore real world problems and challenges, simultaneously developing 21st century skills while working in small collaborative groups.

To increase long-term retention of material and replicable skill, project based learning is incorporated as a part of curriculum. The core idea of Project Based Learning is that the real-world problems capture students’ interest and provoke critical thinking as the students acquire and apply new knowledge in a problem-solving context. The teacher plays the role of facilitator, working with students to frame worthwhile questions, structuring meaningful tasks, coaching both knowledge development and social skills, and carefully assessing what students have learned from the experience. PBL allows students to expand their minds and think beyond the common approach.

Teaching

The teaching methodology at ITM University Gwalior is a mix of

- Lectures
- Projects
- Field trips
- Simulation
- Case Studies
- Experiments
- Role Plays
- Industry-Visits etc.

Here, you will undergo an experience that would challenge your current perspectives and assumptions. Articulation of critical thinking, complex problem solving, written & oral communications and practical implementation of thoughts are the core ethos of academic pedagogy of ITM University.

Rich Curriculum

Curriculum of different courses is developed by a committee comprising of senior professors from the best Institute (IIT, IIM, NIT etc.) and experts from top Industries.

Inclusion of courses developed by Industry

The university has involved professionals from top Industries of different fields to develop almost all the courses so that the students are trained as per real requirement of the core Industries. In departments like CS, IT & ICT, Management, Commerce, Computer Applications courses developed by Infosys, Cisco, Oracle, Informatica, Safexpress, Dale Carnegie etc., have been included in the regular curriculum to make students Industry ready.

Continuous Assessment System (CAS)

Since inception the ITM University is following Continuous Assessment System (CAS) which is being adopted by IITs, IIMs and best universities of world. All programmes are offered using Choice Based Credit System, Multiple Entry & Exit options and Semester/Trimester system.

Wholesome Personality Development and 360° view of Subject

ITM University is the biggest centre of co-curricular and extra-curricular activities which are very important for all round development of students. More than 500 experts from industry and research institutes visit University every year. ITM University is the preferred destination for performance by world renowned artists like Hari Prasad Chaurasia, Shiv Kumar Sharma, Girja Devi, Kala Ramnath, Palash Sen and Rock Bands like Indian Ocean, Euphoria, Bandish, Aryans and many more.

Flipped learning

We use the concept of *flipped class* since what used to be classwork (the “lecture”) is done outside of class and what used to be homework (assigned problems) is now done in class. The technology is used to time shift the delivery of content.

Student Augmentation

ITM University has active MOUs for providing certificate augmentation programmes on campus as per the requirement of industry. ITMU has MOU’s with following companies for training: • HP (Hewlett Packard) • GCE India • Rockwell Automation, USA • Cambridge University • CAD Studio • Randstad India Limited • Think Lab, IIT Mumbai • Innovent Technology • Cisco.

COLLABORATIVE UPBRINGING

“Universities can be a major resource in company’s innovation strategy”.

Pertuze, J. A., Calder, E. S., Greitzer, E. M., & Lucas, W. A. (2010). Best practices for industry university collaboration. MIT Sloan Management Review, 51(4), 83-90.

The University has built a range of partnerships in research, education and training – including with industry and business, professional associations, not-for-profit organisations, government funded research agencies, other educational institutions at national and international level.

All industries and businesses being heavily dependent on human resources in a knowledge based economy, businesses have increasingly started relying on universities which remain world class and diverse. ITM University is already one step ahead by building a range of strong partnerships in research and education. The University has partnered with these organisations to offer unique, relevant, challenging and appropriate programmes resulting in wider exposure to real world practices to make students employment ready.

"The measure of intelligence is the ability to change."

- Albert Einstein

ITM University, Gwalior has been innovatively collaborating with industry to enrich the overall outcome for students in terms of knowledge and skills.

Co-branded courses have been developed in active partnership with industry

Major Achievements of Faculties

FACILITIES AND RESOURCES

We provide a perfect eco-system of state-of-art facilities and resources that compliment students' overall efforts in exploring different facets of life.

Computing & IT

Computing facilities are spread across the campus that helps students in knowledge acquisition and other academic work. In addition, a 60 mbps line powers a host of hot spots located in the campus.

Conference hall for students

“The true sign of intelligence is not knowledge but imagination.”

- Albert Einstein

Library

The library at ITM University is fully computerized with the help of **e-granthayala** library management software. Integrated Knowledge Resource Centers that are stocked with over 83,889 books; periodicals, references, national and international journals, covering all aspects of academic studies and research materials. In addition, the library has a steady flow of newspapers, magazines and journals on subjects related to Management, Architecture, Pharmacy, Life Science, Agriculture, Nursing, Education, Law, Art & Design Physical Education, Engineering, Science and Technology. Moreover, a good collection of video lectures for having the exposure to latest technological developments is also available. Online resources ITM University Central Library is also the members NDL (National Digital Library) and DELNET (Developing Library Network). Students are members of ITM Intranet Zone which allows them easy access to these journals, e-Books, class notes and subject study materials. It also provide Inter Library Loan (ILL) services, & Online e-journals and e-Books Facilities to the students.

Convention Centre

Convention Centre facility of the University includes an amphitheatre ‘NAAD’ (with over 3000 seating capacity) and 5 seminar halls. The largest amphitheatre of India at ITMU Campus is constantly holds witness to ever bubbling energies of youth.

STUDENT LIFE

The plurality of Indian and International cultures at ITM University exposes you to the dynamics of global society and makes your life exciting! You will find enormous opportunities at the university to explore and expand yourself.

Students' Clubs

ITMU students do what they love. They join and lead clubs and activities that cover a wide array of recreational, athletic, cultural, artistic, and social interests. Such activities offer some of the most memorable, interesting and enjoyable aspects of our students' life. These activities are instrumental in fostering leadership development, community building, providing learning both outside and inside the classroom in a harmonious manner. Further these initiatives support the University's mission to prepare leaders who can make a difference in the world.

“The value of life is not based on how long we live, but how much we contribute to others in our society.”

- Buddha

There are abundant opportunities to participate in clubs as well as activities that match students' particular interests. Whether students are looking for a diversion from academic life or want to have a significant impact on the community. Clubs organize a variety of events that provide distinct opportunities for refining learning, organizational management experience, exploring interest, meeting like-minded people, socializing outside of the classroom and enhancing professional and personal skills.

If students don't find what they are looking for, we encourage them to start a new student club to explore their passion! There's something or other for everyone.

Art Club

Art Club members minutely watch & learn the process of art creation at different symposia of sculptors held at ITMU and occasionally meet artists & painters to discuss the finer beauty of Art. In this process a subtle sensitivity about appreciation of Art develops amongst the students leading to blooming of artistic aesthetics and sensibility.
E-mail: artclub@itmuniversity.ac.in

Music Club

Music Club members not only listen to the classical concerts & rock-shows but create their own bands and perform their own talent on various occasions. The club members learn various forms of Indian and Western dances & practice to fine tune and perform
E-mail: musicclub@itmuniversity.ac.in

Literary Club

It is dedicated to students sharing literary interests. The purpose of this club is to offer a relaxing and intellectual platform for students to exchange ideas, emotions and theories on selected reading through creative writing, debating and quizzing. The wall magazine is a reflection of the literary skills of the students. The editorial board conducts regular competitions to encourage and enhance these talents.
E-mail: literaryclub@itmuniversity.ac.in

Eco Club

The club takes care about the ecological & environmental issues within the campus and suggests ways and means to reduce carbon emissions responsible for degradation and damage to the Earth's eco-system. A road map to convert the campus into green campus is prepared with the help of Eco club.
E-mail: ecoclub@itmuniversity.ac.in

Sports, Yoga and Meditation Club

The Sports Club organises various sports events for both students and faculty members regularly. It also conducts Yoga sessions. An interesting space called “Zero Gravity” has been created within ITMU Campus for meditation & Yoga where any one willing to join the regular club can come and try to attain serenity of the mind & fitness of

STUDENT LIFE

the body. Occasional activities to de-stress the students through Yoga & breathing exercises are also organized.
E-mail: yogaclub@itmuniversity.ac.in

Science Club

ITM University has established Science Club to organize various activities throughout the year. The objective of this is to stimulate interest in sciences activities among students. The club provides opportunities to students to showcase their innovative ideas and creativity.
E-mail: scienceclub@itmuniversity.ac.in

Theater Club

Theater club is well received not only by budding theater artists but also by the audiences and spectators from the city. Activities like workshops, interactive sessions etc. are organized to promote theater.
E-mail: theaterclub@itmuniversity.ac.in

Film Club

Film club not only shows good world cinema by organizing international film festivals in the campus but also inspires students to create films on the issues of their choices.
E-mail: filmclub@itmuniversity.ac.in

Dance Club

The club members learn various forms of Indian and Western dances & practice to fine tune and perform.
E-mail: danceclub@itmuniversity.ac.in

Project Club

Students make projects of their choices and integrate with other members of the club to make functional and indigenous models/ instruments.
E-mail: projectclub@itmuniversity.ac.in

Debating Club

Articulation and elocution is promoted through this club. Students choose the topics and debate in front of cheering audiences of the students leading to building their confidence and debating skills.
E-mail: debatingclub@itmuniversity.ac.in

“Success is not final, failure is not fatal: it is the courage to continue that counts.”

- Winston Churchill

National Service Scheme (NSS)

To promote students' participation in community service, the university is running National Service Scheme. The Motto of NSS is “NOT ME BUT YOU”.

There is one unit of NSS in the ITM University with strength of 610 volunteers. The main focus of the scheme is on personality development through community service. The NSS Unit of the University organizes regular and special camps related to health and hygiene, literacy, environment, personality development, etc. These camps are usually held in the campus or in the adopted villages. NSS Unit also deputed volunteers to various Inter State Camps, National Integration Camps and also Inter State and National Cultural Festivals.

National Cadet Corps (NCC)

NCC is the organization to install the values of “Unity and Discipline”- the Motto of the National Cadet Corps. N.C.C. has three wings Army, Navy and Air Force. Following wings have been operational at the University since July 2014: 15 M.P. BN NCC Boys • 03 M. P. BN NCC Girls • 03 M. P. Naval Wing

SEG Student Chapter

The ITM University Gwalior has established a student chapter under the prestigious world forum “The Society of Exploration Geophysicists (SEG) in Feb, 2017. This chapter will help preparing our students as successful professional and provide essential tools and resources for educational enhancement, travel, networking and leadership training.

SPIC MACAY

The society for the promotion of Indian Classical Music and Culture amongst Youth, popularly known as ‘SPIC MACAY’. It is involved in promoting Indian classical music, dance and other aspects of Indian culture. It seeks to foster the exchange of traditional Indian values and to generate awareness of the cultural tradition and heritage of India. It is also movement with chapters in 200 town and cities and ITM University Gwalior is one of them. Spic Macay organises concerts lectures and demonstrations, informal discussion and seminar for the promotion of Indian culture and arts. ITM University Gwalior is one of the prolific centres to witness such events.

IDEAPAD

A BUSINESS INCUBATOR

idea
pad

IDEAPAD is the Business incubator in ITM University. It is envisioned that if various schools of university and students concentrate on solving issues related to the region, their communities, the success of these experiments can be scaled commercially into viable enterprise.

There are 7,000 incubators of different kinds around the globe. They create jobs, grow companies and help to evolve technologies. IDEAPAD incubator is being evolved around resources available in the university and will ensure its optimum utilization for developing entrepreneurship.

SUCCESS STORIES

Arshad, Co-founder, Arrival Shop

Gauhar Haque Co-founder, Zara Inforise

Gourav Jhavar, Co-founder, XDARZI

Utkarsh Shrivastava, Co-founder, SPANSHOTS

Manish Tamarkar, Co-founder, OSUMSTAY

Dewang Chaturvedi, Co-founder, Vegkart

Aman Batra, Co-founder, Tasty Nights

Gourav Rana, Co-founder, Rentbook

Objectives

- Facilitate ideas (“ideation”)
- Accelerate implementation speed of Ideas
- Provide supplemental management for proposed enterprises
- Offer more “hand holding” than a typical venture capitalist in the process.
- Give access to expertise in marketing, operations, human resources, technical, management, strategy, business development, financial, and others
- Facilitate business development and partnerships
- Help in finding clients for enterprises
- Facilitate sources of funding, now and at later stages
- Set up a portfolio of seed-stage ventures
- Provide additional deal-flow and vetting of deals for later-stage investors
- Capture potentially successful deals missed by venture capitalists

IDEAPAD is by definition a “mixed” incubator which:

- Supports development of companies linked to sectors of the economy that possess broadly disseminated technologies, such as textiles, footwear and Art curation
- Incubates companies with products, processes and/or services that are the result of scientific research and represent a high combined value. For example biotechnology, informatics, and electronics companies, among others
- Supports cultural activities such as music, sculpture, photography, and cinema
- Supports undertakings that originate in social projects connected to traditional sectors that have knowledge in the public domain and that meets demand for employment and income and hence improves the quality of life

TECH FESTS AT ITM UNIVERSITY GWALIOR

BELIEVE DARE ROAR

Kronos

KRONOS, the annual techno-cultural festival organized in the largest group of institutions, ITM GOI and ITM University, is the biggest youth festival of central India. Initially, just started by few students in 2010, KRONOS is today in its 10th edition, having a 'footfall of over 18,000+ students'. The motive of KRONOS is to bring out the competitive domain of students from within themselves and participate in different technical and cultural events.

The charm of KRONOS is such that not only the students from within the campus or state but also from other colleges across India come to participate. The events are designed to appeal to each and every group of students. There are many technical events like Robo Soccer, Print-A-Kart, Apathon and unconference etc. and events on cultural out-front such as Pro-Nights unconference and many others. The fest is initiated with various Lectures and Workshops on current field trends by eminent Industry Professionals. This tends to provide students with an informative edge along with all other fun. The event marks its ending with a night show, which usually is a concert by a famous singer or music band.

Sagacitas

SAGACITAS' is a national mega event which provides a platform to students from all parts of the country to exhibit their managerial talent by participating in various state-of-art competitions crafted to showcase their skills, share their thoughts, be the part of several activities, take part in wide verities of competitions, and enjoy at the fullest and at the same time win a lot of prizes.

SAGACITAS aims to encompass everything from creativity to innovation, planning to strategy, fun to learning through various management activities and competitions. It is a blend of wide spectrum of formal and informal events in which close to 10,000 students from around 50+ colleges of India have participated in its various competitions. SAGACITAS incorporated array of intellectual and fun competitions which enables the students to exhibit their skills and win exiting prizes. The aim is to encourage talent from different colleges and provide a platform to promote healthy competitions among the budding managers of our country.

Impetus

IMPETUS is the largest techfest of Central India, focusing on the energy sector which will take place under the banner of ITM University Gwalior. Impetus, as the word itself describes is a source of energy and force on which this techfest is based upon. Basically, it is divided in three channels which are as follows Technical, Cultural & Sports. Its mission is to inspire and provide a platform to students of engineering and other scientific fields to test their skills and level of knowledge regarding energy sector. Eventually, leading to inventions and innovations contributing in betterment of India's energy and automobile sector.

LIFE AT GWALIOR

Gwalior is a historical city in the heart of India, situated in the State of Madhya Pradesh. The Ancient Indian Classical School of Music “Dhrupad” was fine tuned here under Tomar dynasty and spread to various parts of India to acquire local flavours. It is also known as “The City of Music”. The legendary musician Tansen also belonged to Gwalior and became one of the nine jewels of Emperor Akbar’s Court. Tansen innovated many complex and beautiful ‘Ragas’.

Tomb of Tansen

“Never let your sense of morals get in the way of doing what’s right.”

- Isaac Asimov

The city has perhaps the richest musical tradition among all the cities in this great country starting from Tansen, Baijubabra, Hassukhan, Haddukhan, Krishnarao Pandit, Bala Saheb Puchhwale, Chote Bahyya Puchhwale, Bande Ali Khan, Shankar Rao Pandit and home to living legends like Malini Rajurkar, Ustad Amjad Ali Khan, the list is long.

ITM University carries forward the tradition and is applauded for its efforts to preserve and promote the Indian Classical Music. It holds a music festival ‘megh malhar’ annually, which has gained popularity in the entire country. Gwalior has beautiful large fort palace built during Tomar dynasty who were connoisseurs of Art & Music. Exquisite stone works can still be found here inspite of immoral plundering by vested interests. Agra, the city of Taj-masterpieces of world heritage, is 110 Kms from Gwalior. Khajuraho group of temples depicting all facets of life is 6 hours journey by road. Mitawali & Padavali has a group of 108 ruins of temples and is 20 Kms from Gwalior. Orchha is 100 Kms from Gwalior and is a treat for weekend trips as the village still carries old time feel with palaces, temples, cenotaphs and ruins along the banks of Betwa River.

Modern Gwalior is now an educational hub and bustling city with a population of over 1.6 million. It is centrally located 317 Kms from Delhi and 400 Kms from Bhopal. It is well connected with Delhi, Bhopal, Indore, Mumbai, Pune, Chennai, Bangalore and Hyderabad by trains, road and by air from New Delhi, Indore and Mumbai.

ITM University itself has visitors from all over the regions to see its vast collection of sculptures and paintings as well its most applauded Amphitheater ‘NAAD’, which is a hub of cultural activities.

Industrial history of the Gwalior dates back to later part of 19th Century when Birlas established their Textile business. The well known Grasim & Gwalior suiting brands were born in this city. Gwalior has kept pace with time making it emerge as a vibrant city of Madhya Pradesh. The city has attracted major corporate houses like Cadbury, Kodak, SRF, J.K. Industries, Crompton Greaves, Flex Chemical and Atlas Cycle Company.

SPORTS

Sports & Fitness serves as a vital and integral part of student life in campus. The mission of Sports & Fitness is to provide the university community with programmes that offer vigorous, fun-filled, health-promoting, physical activity conducive to wellness and personal development. Sports & Fitness supports the mission of the University by seeking to create a climate that motivates members to embrace a healthy life-style, which can enhance their academic studies, build friendships and social skills, develop leadership qualities, and cultivate a sense of ownership and belonging to the university. The University students are second to none and deserve a first rate programme.

Sports Facilities Outdoor Games

Sports

- Cricket with 2 astro turf and 3 International level turf 01
- Lush green Football field with natural turf
- 400 mtr., 8 lane athletics track
- Basketball complex with 2 International size courts
- Tennis complex with 2 Tennis courts
- 2 standard Volleyball courts
- Standard Handball court
- Standard Kho-Kho ground
- 2 standard Kabaddi grounds
- Grass turf Hockey ground

ELITE UNIVERSAL SPORTS ALLIANCE INDIA PRIVATE LIMITED (EUSAI) is partnering with the ITM University Gwalior to promote several sports including a) American Tackle Football, b) Basket Ball, c) eSports, d) Hockey 5's and e) Kabaddi for promoting sports and branding through electronic media internationally.

“Only those who attempt the absurd can achieve the impossible.”

- Albert Einstein

Association of Indian Universities, New Delhi

Indoor Games

Gymnasium

Badminton Court, Squash Court, Multi Gym, Sauna Bath, Steam Bath, Jacuzzi, Sports Store, Office etc.

Swimming Pool (will be ready by December 2017) 25 meter standard swimming pool with a baby pool attached.

Adventure Park (under planning) Establishing an adventure park for the development of the university students and faculty.

Students of ITM University Gwalior by virtue of its membership of AIU, are able to participate in National Inter-University Competitions. Students participated in 05 All India and Central Zone Inter University Sports Competitions.

Achievements in Sports

ITM University Gwalior has achieved many national and international landmarks in various sports and games. One of our student represented Indian Women Hockey Team in Rio-Olympics. Two of our students represented Indian Junior Women Hockey Championship held at Korea in 2016-17. Our women hockey team is runner up in All Indian Inter Zonal Hockey Championship and also got Bronze medal in Hockey 5's All India Inter University Championship. ITM men's team won Bronze medal in American Football Championship at Inter University level.

INTERACTION WITH INTERNATIONAL PLAYERS

ITMU is knowledge partner and official sponsor of Sunrisers Hyderabad in IPL-2015. The students of ITM University and ITM Global School met and interacted with international cricketers in one of the IPL matches at Hyderabad in Meet and Greet session.

Players and students were at ease and exchanged valuable tips on sports, spirit of competition and life. Written messages on bats and balls were given to the students by the players. The programme was conducted by well-known commentator Danny Morrison and attended by Shikhar Dhawan, Muthaiya Murlitharan, V.V.S. Laxman, Dale Styen, Bhuvneshwar Kumar, Ishant Sharma, Naman Ojha and David Warner, whose record of runs remain unbeaten in IPL-8.

"You are never really playing an opponent. You are playing yourself, your own highest standards, and when you reach your limits, that is real joy."

- Arthur Ashe

HAPPY & HAPPENING CAMPUS

Along with the regular high quality academic activities in the campus of ITM University, the city of Gwalior waits for the annual calendar of Cultural & Musical activities in ITM Universe Campus where plethora of world class events take place on regular intervals making students very happy and proud of being an ITMite. A very distinct emotion & spirit of an ITMite develops in every student. This spirit never dampens and converts every event into a not only high voltage, high energy congregation, but as a very disciplined group which should aptly be called audience or participants and never a crowd. 'NAAD', the amphitheater where mostly the programmes are organised witnesses energetic youth enjoying every moment.

Each day becomes unique. Something or other keeps happening whether it is a group of international artists sculpting huge stones or painters working on their canvases or serious academic activities, seminars etc. One never finds any art object being vandalized in ITM. The respect for Heritage & Arts develops naturally within the students.

Indian Classical Music concerts by world renowned musicians for continuous three days in the month of March every year see music lovers of the region thronging to ITM Campus. Rock shows by various groups are specially awaited by the students and the Rock groups are always happy and keen to perform here again.

Spic-Macay chapter is active in ITM and brings top-notch classical dancers, vocalists & instrumentalists to perform and give lec-dems.

Teacher's day and Friendship day are celebrated with great fervour and enthusiasm. Though a tight academic schedule keeps the students on toes but also prepares them for the challenges of future & to handle pressures from the beginning. Every ITMite bursts into emotions while leaving the campus as they prepare to join their profession after completing their degree courses.

You will see happy youths around the campus, enjoying their learning process.

ITM has a very unique & distinctive character of its campus and perceived by all as hub of creative expressions in special areas of paintings, sculptures, various classical &

"Anyone who stops learning is old, whether at twenty or eighty."

- Henry Ford

folk dance forms, Indian classical & popular music, western classical & rock music, world cinema, photography & theater. Students get to expose themselves with the best of Indian and international artists, observe their processes of creation, interact and not only admire the final outcome but take special care for its upkeep & maintenance.

In last few years hundreds of painters and sculptors have visited ITM campus and participated in various creative camps, symposiums and workshops. This is how ITM campus has become the largest collector of art in India among all universities and Institutes. Every year international symposiums/camp of eminent sculptors are held at the campus and monumental sculptures in different material are created.

Wherever you look in open, under the trees, in atriums, walk ways, in water bodies, you will see wonderful works of art. There has been constant request from various quarters to open the campus for tourists & visitors so that they can also admire the Art exhibited in the campus.

Coinciding with painters camp, performing artists give expression to their musical and dancing abilities and interact with artistes of different disciplines which adds another dimension to the concept of Art Meet.

HAPPY & HAPPENING CAMPUS

'Ibaarat' is also one of the prestigious programmes of ITMU where Urdu poets from all parts of the world come and enthral the jampacked auditorium within the campus.

The city of Gwalior and ITM University – A Symbiosis

"...the city boasts of a large number of educational institutions and ITM University is perhaps the largest among them. The sprawling campus invariably impresses all visitors. But to me more impressive is the fact that while this institution endeavors to impart world class education, it has also spent equal amount of effort, attention and care to preserve, propagate and advance further the rich musical traditions of Gwalior heritage.

I happened to attend three of the musical feasts that the institution organizes every year and briefest I can say the whole experience was 'sheer bliss'. The NAAD amphitheater surrounded by small hillocks, designed and set among the natural surroundings and fitted with high quality light and sound equipments, perhaps is the right place for any competent musician to perform and exhibit his talent. During the festivals that I attended from 2007 till 2010. I got, each time in three days the best of the Indian music that I could dream of. What it did not contain? The best of the singers Ustad Rahim Fahimuddin Khan Dagar, Pandit Ajay Pohankar, Pandit Chhannu Lal Mishra, Girija Devi, Ustaad Rashid Khan, Pt. Rajan & Sajan Mishra to name few. The best of the instrumentalists Ronu Mujumdar, Pandit D K Datar, Ustad Sultan Khan, Ustad Shujat Hussain Khan, Niladri Kumar, Pt. Shiv Kumar Sharma & Kala Ramnath where could I get all of them at one place, against no expenses and with all the facilities. The scene when it is dark all around open sky above, green around and the illuminated dais sends you back on the time machine 100 years or more. It really feels that you are back to the ancient times when music and life were synonymous.

This made me have a glimpse into the wisdom, foresight and concern of the people behind this institution. It is not sufficient to train in science, engineering, management and the like, to make a complete human being that very essential input of art, culture, heritage is so much necessary. I wish other educational institutions could copy it..."

(writes Dr. Arvind Dubey a music lover of Gwalior).

Dr. Palash Sen, Live in concert at 'NAAD'

Jasraj Joshi, Live in concert at 'NAAD' with Lambada

ART AT ITM UNIVERSITY GWALIOR

For more than ten years, ITMU has been regularly organising painter's camps, month long international sculptor's symposiums, classical concerts, music fests, dance and poetry events, literary meets, and the list remains never ending. This has created a huge aesthetic and literary asset, which is unique in the whole country, and perhaps in the continent. We have also become the largest collector of fine arts among any university/Institute of individuals in India. Every ITM student takes pride in this unique and evolving heritage of the University. Barring a few, all modern and contemporary indian artists have contributed to our endeavours through their creative expressions. The campus sees the best of paintings, sculptures, and motifs, apart from the musings of the best poets and musicians.

Consequently, a sense of ownership and a fine sensibility has developed in students, who have not only learnt to admire these gifts of art, but to inculcate a protective fervour, making sure no one vandalises it. The names of the creative artists who have visited the university would form a never ending list. The campus is as good as an art exhibition, as the best of art is permanently exhibited here.

FLAG OF ITM UNIVERSITY GWALIOR

Since the establishment of ITM in 1997, we have established a tradition of respecting our national flag (tricolour) on the top of our buildings. Every morning & evening the security guards hoist the flag as per rule book and properly salute our national symbol. Currently we have international students from various parts of the world, the national flags of their countries are also respectfully hoisted in the campus.

Important days like Independence Day, Republic Day, Science Day, Engineering Day etc. are celebrated with enthusiasm and great fervour.

ITM university has its own flag which is carried ceremoniously by students in inter-university, national & regional events all over India and abroad.

The university flag symbolises the upward holistic movement of student's personality and inclusivity with social responsibility as shown by vertical and horizontal arrows. The logo (emblem) of the university is placed in the background of a rust hue, the colour of earth and shows no bias towards or against any particular faith or belief.

ACCOMMODATION

Gym & Health Club

'Only healthy body can support healthy mind' is a well tested proverb for all times. To put this into practice the University has established a state-of-art gym & health club in an area of around 11000 sq. ft. The Club has 31 workstations of highest quality comprising of Jogger/Cycle/ Leg pull machine/Abdominal/ Butterfly/Leg press/ Shoulder press/Bench Press/ Twister/ Wrist curl with multigym facility supported by requisite audio system. Gym is also supported by locker facility to keep belonging of regular users.

Hostel

One of the key contributors to an intensive & effective learning experience is living in campus. A boys' hostel with a capacity of 1150 beds is located within the campus. The hostel is well equipped with basic recreation & indoor sports facilities that provide students with homely atmosphere to strengthen the feeling of belonging. Semi-mechanised and hygienic mess & dining facilities that can accommodate 800 persons at a time has also been created. A girls' hostel having capacity of 200 beds is also located within the campus. Transport facility is provided to hostlers for outings to the city. It is planned to convert the entire University campus into a fully residential campus for students and staff in the next 3 years.

“Education is a progressive discovery of our own ignorance.”

- Will Durant

Residential Accommodation for Faculty

A well equipped residential complex has been constructed having independent apartments furnished with modern amenities.

Guest House

A well furnished Guest House is attached with faculty residences to accommodate guest faculty and prominent personalities visiting the University. It provides a homely ambience and environment.

Sports Complex

The university's new sports complex offers a wide range of facilities and activities for students and faculties which include world class provisions for outdoor and indoor sports.

Medical Health Care Center (MHCC)

ITM University has an in-house modern Medical Health Care Center (MHCC). The Center, thus, provides preventive, promotive as well as curative health care services with a view to ensure positive health for all the members of ITM family. A full time specialist doctor is stationed 24x7 hrs., who conducts regular health check-ups and provides medical attention as and when needed.

MHCC has a well equipped clinic with required equipment and 5 beds for in house patients apart from one ambulance which is available round the clock.

Coffee Points

Apart from the structured teaching and learning schedules, the university has provided platforms for relaxation, exchange of views, and free discussions among students and faculty alike by establishing coffee points. These points are also instrumental to arouse the thinking blended with objectivity and utility among young ITMites over a cup of coffee.

Bank Branch & ATM Facility

A UCO Bank Branch is situated within the campus. Just close to the main gate of ITM State Bank of India has its ATM facility. Few more ATM outlet are likely to be installed shortly.

Security

The institute has employed round-the-clock security stationed on campus. Apart from providing the security of the campus it also renders its services to provide all possible support to the residents for their safe and comfortable living.

Each student is insured compulsorily under road traffic accident policy and is also covered by group insurance scheme taken by ITM University. Students are advised to wear helmets when they visit university on a two-wheeler.

SUPPORT

ALL PROCESSES AT UNIVERSITY ARE STUDENT CENTRIC

The University has created processes and provisions that support your academic pursuit here and create minimum distraction.

Dean Students' Welfare

Your day-to-day problems, if any, can be shared with Dean Student Welfare (DSW) in order to secure an appropriate resolve. DSW is a senior teacher who understands your problems and takes immediate steps. DSW also helps you guide in participating in various extra-curricular events, NCC, NSS etc. You can also take up with him your scholarship issues, education loan and others.

Email: dsw@itmunity.ac.in

Mentor

Mentor is a teacher appointed to monitor your academic & personal welfare and help in your studies. With them you can share your all problems that are affecting your academic pursuit. You can also share with them your personal problems in case you need his/her help. They keep track of your attendance and will remain in touch with your family as well.

Students' Committee

The students who are excelling in their studies are part of this committee as a representative of their class. This committee meets the Vice Chancellor every month to offer insight into implementation of academic and administrative processes. Students use this platform to offer suggestions to bring any change or fine tune existing academic and administrative set-up.

Email: studentcommittee@itmunity.ac.in

Feedback Mechanism

Students also get an opportunity to participate in academic processes by recording their feedback concerning faculties who have taught them. The provision is available online as a part of Students' Information System (SIS). Participating in the process makes the academic processes more student centric.

Webpage: <http://mis.itmunity.ac.in>

Students' Information System (SIS)

All students after joining the university become part of Students' Information System (SIS) which offers you every detail that is required to ensure regular participation in academic activities. This includes Academic Calendar, Registration, Examination Form Filling, Notice Board, Attendance Details, Fee Notices, Fee Dues, Grievance / Suggestions, Results and others.

e-Students Grievance/Suggestion

Students can also register their grievance/suggestion online which is personally attended and monitored by Vice Chancellor. This provision ensures that your issues are redressed at the earliest. This window can also be used by you to offer your valuable suggestions to make academic processes more robust.

Webpage: mis.itmunity.ac.in

Counselling

The University's Counselling Cell offers a free and

"It is the mark of an educated mind to be able to entertain a thought without accepting it."

- Aristotle

confidential service to all students at the University. Professional counsellors and mental health advisers are available to talk through any personal or emotional concerns that you might have during your time at the University.

E-mail: personalcounseling@itmuniversity.ac.in

Anti-Ragging Committee

This is a 100% ragging free campus. Till date not a single complaint concerning ragging has been received. Students, in case of any such activity, are advised to immediately lodge their complaint with the Co-ordinator, Anti-ragging Committee in order to ensure their complaint is timely redressed and an effective action, as provisioned in law, is taken against students indulging in such heinous activity.

Email: antiraggingcell@itmuniversity.ac.in

Proctorial Board

Students can register their complaints concerning indiscipline by their fellow students with Proctorial Board. This Board is authorized to take prompt action against such students. Very few complaints are received by this Board every year. Broadly ITM University campus is a very peaceful campus.

Email: chiefproctor@itmuniversity.ac.in

Complete the programme at a Slow Pace

At ITM University we are committed to serve all the sections of student community. We believe that it is our one of the objectives to make academically less exposed students to compete with academically better students. This can only be done by facilitating weaker students to complete the programme at slow pace so that they can devote more time on basics as well as advanced subjects and secure their degree.

Health

A 24x7 hrs. health support is available in form of an OPD in the campus with a resident doctor, support staff and 05 bed facility. A dedicated ambulance is also available in the campus to assist in discharging medical duties of OPD.

Academic Calendar

All academic processes at the university are predictable. They are announced at the start of an academic session. It is available to student via SIS. This helps students to plan their studies year around and utilize their vacations effectively.

Orientation Programme

For freshers, at the start of academic session, an orientation programme is organized that helps students orient towards academic and administrative processes at the University. This orientation helps students adapt them at the earliest so that they start their academic journey at the earliest and use their time more productively. This programme expects parents also to join who are keen to actively participate in grooming of students.

Differently abled Students

The university campus is 100% barrier free. You can locate ramps, lifts, adapted drinking water provisions and others all through the campus. The university works actively with Amar Jyoti Charitable Trust, a premier Voluntary Agency dedicated to the cause of differentlyabled people, to create infrastructure for them. If they require specific arrangements for examinations (such as additional time, someone to write on their behalf and/or use of a computer), we have provisions for the same.

ACADEMIC EVENTS 2016-17

Each year, the university organizes a **cross-section of forums, conferences, seminars, faculty development programmes, management development programmes, symposium, panels and workshops.** These events helps in engaging in continuous dialogue with academicians, industry leaders, policy makers, activities, students and others that helps in advancement of theory and practices of respective fields. Further, these events provide an opportunity to academicians and professionals from various educational fields with cross-disciplinary interests to bridge the knowledge gap, work on inter-disciplinary applications, identifying key issues, and promoting research.

Such events offer a platform to the students to be able to share their knowledge and experiences and to develop new ideas in their respective areas.

Workshops/Seminars

“The one real object of education is to have a man in the condition of continually asking questions.”

- Bishop Mandell Creighton

“Wanting to be someone else is a waste of who you are”

- Kurt Cobain

International Conferences TIMS-2016

6th International Conference on Technology Innovation and Management for Sustainable Development
February 11-13, 2016

Hon. Shri Narendra Singh Tomar, Minister, Govt. of India inaugurated TIMS-2016

International Conference ‘INNO SERVE 2015’ organized by ITM University

International conference on “Innovations in Services: Strategies for Global Business Excellence” organized by ITM University Gwalior Campus from, January 13- January 15, 2015.

"The more I read, the more I acquire, the more certain I am that I know nothing."

- Voltaire

Faculty Development Programmes

Dr. Ulrich Berk, International Promoter - Homa Organic Farming, addressing participants of National Workshop on Soil Health and Sustainable Agriculture

Mr. Sumanta Biswas, Business Intelligence (BI) Consultant, (R -Studio, SAS, SPSS, Data Mining) New Delhi, India

Prof. Yogesh Upadhyay, addressing participants of SPSS Workshop

8th One Week Faculty Development Programme on Research Methodology on Management and and Multivariate Statistical Analysis Using IBM SPSS Statistics 24-30, December 2015, 37 participants came from pan-India to participate in the Workshop.

9th One Week Faculty Development Programme on Research Methodology on Management and and Multivariate Statistical Analysis Using IBM SPSS Statistics 23-29, May 2016, 48 participants came from pan-India to participate in the Workshop.

COMMUNITY ENGAGEMENT

By volunteering you are not just helping others but yourself by gaining exposure to experiences and learn skills that make you stand out from the crowd when applying for jobs or participating in interviews. There are a huge number of different projects related to community services to get involved with that help make a meaningful contribution to people in the local community either through the University or through student-organised projects.

Such initiatives enable you to gain a greater understanding of what it means to be a responsible global citizen, through hands-on programmes and community activities. In the process you will discover the challenges facing society in the 21st century, and approaches needed to address them. Here you can also undertake voluntary work, giving back to society and developing the kinds of skills and experiences that employers seek.

“Only he/she who can see the invisible can do the impossible.”

- Frank L. Gaines

Cairney (2000) argues that Universities which understand this ‘community engagement’ role will see judgement of their success not simply in terms of the internationally accepted quality of their teaching and research, but also in terms of their role in a region’s social, economic, and cultural development.

Cairney, Trevor H. (2000). The role of universities in developing regional knowledge workers. Unpublished paper.

SOCIAL RESPONSIBILITY

Social responsibility is about the integrity with which an entity governs itself, fulfills its mission, lives by its values, engages with its stakeholders and measures its impacts and publicly reports on its activities. Our social responsibility endeavour helps us in making a tangible difference to the social and economic well-being of our communities through our teaching, research, extension, events and activities. ITM University Gwalior believes in giving back to our communities and getting involved.

“Most people give up just when they’re about to achieve success. They quit on the one yard line. They give up at the last minute of the game one foot from a winning touchdown.”

- Ross Perot

Environmental Action

ITM university Gwalior is raising social awareness and promoting an environment friendly and sustainable way of living. We also conduct national and international conferences, workshops, faculty development programmes and others. Our principles are laid down in an environmental policy of the university that guides our activities and let the public know our commitment.

Responsible Research

Most of research pursued here is grounded in contextual issues and challenges. Such research offers appropriate solutions and make a positive difference to the society.

Students’ Grounded in Social Responsibility

With multitude of activities and a customized learning process, we ensure that students start appreciating the merits of sustainable lifestyle. Students earn credits for their contribution to sustainability as well.

Environment-Friendly Practices

The university has assimilated benchmarked environmental practices in its day-to-day functioning. The university protects natural resources, uses them in the most efficient way through basic modifications in consumption methods, minimizes the creation of waste at the source and prefers recyclable products with minimum negative effects.

Voluntary Activities

Students and faculties have an option to be part of many voluntary activities that aims at creating a difference in the social and economic well-being of people at large. The university regularly organizes programmes that offer opportunity to all stakeholders in creating a difference in life of people at large. Also, through a variety of programmes an awareness and desire for action is created in society for pressing issues like girl child abortion, gender equivalence, village empowerment, rural development, sexual harassment against women and others.

All accommodative infrastructure

Suitable provisions have been put in place like ramps, lifts, low-height toilets, railing and handrails and others to ensure that differently abled students get a barrier free environment for their studies.

MEETING OF MINDS

Meeting of Minds program is one of the flagship academic initiatives geared towards nurturing critical thinking among young minds and across faculties. It offers a common academic platform for minds to meet and get exposed to new ideas and alternating perspectives. The aim is to transgress the usual hierarchies and disciplinary confines thereby engaging faculty members, students and all those in authority to contemplate and share their opinions on diverse issues uninhibited. Some of the already discussed themes include the concepts of time, energy, colours, melodies, intelligence, Shabd (word), making of God, water and also India through the eyes of painters just to name a few.

MY INDIA, MY VISION

A LECTURE SERIES

A lecture series entitled My India, My Vision has been organized at the University, in which important politicians like Shri. Nitish Kumar (Hon'ble Chief Minister of Bihar), Shri. Jyotiraditya Madhavrao Scindia (Member of Parliament) and Shri. Prabhat Jha (Journalist, Writer, Columnist, Social Worker and National Vice President of Bhartiya Janata Party) have discussed their wide and progressive vision for the nation in the 21st century. They also imparted a pragmatic approach to the students to become considerate about their goals and actions. The speakers discussed various aspects of politics, government and other miscellaneous topics. Programmes like My India, My Vision open vistas of knowledge and offer rich experience of the elite to the students, that can guide the young generation towards making a utopian society. The catchword that echoed in the lecture series was-- Noblesse oblige, the principle which a politician or any responsible citizen of the country should realize

DISTINGUISHED GUEST SPEAKERS

The ITM University Gwalior help broaden students' horizons and educate them on issues that impact their lives through speakers, panels, forums, workshops and debates that cover current scientific, technical, social, political, cultural and ethical topics. Every year a number of distinguished speakers such as Nobel Laureates, high-profile corporates, policy makers, academic and industry leaders representing a variety of worldviews and backgrounds are invited to come to the university and engaged with students to share their ingenious ideas with them. The students' community gets an opportunity to hear, learn, engage and network with speakers of the highest caliber.

CAREERS

In order to create students with necessary skills, knowledge and attitude needed by the stake holders, companies of international repute from relevant fields were identified based on quality benchmarks and were assigned the important task of Training and Augmentation.

The University has introduced a rare model of involving the students in execution of training and placement programme. This adds immensely to the managerial and professional skill development of students and transparency in the complete process. It is worth mentioning here that all the augmentation programmes result in certification by the respective companies carrying grades earned by students on the basis of performance exhibited by a student. This is the first of its kind to tie-up with some of the world's leading players like Rockwell Automation which has only one tie-up with any educational (Private as well as Govt.) entity i.e. ITM University Gwalior.

TAP Cell has been established with clear objective of providing assistance to students in following activities:

- Placement assistance
- Training: TAP Cell is responsible for arranging training programmes with the help of industries on the skill sets required to succeed in the placement interviews. After detailed discussion with project coordinators of different departments, professionals from industries and senior academicians, following areas are short listed for the training:
 - Communication Skills
 - Analytical Aptitude, Logical Reasoning and Basic Mathematics
 - Personality Development
 - Workshops on topics relevant to branch as per requirement of Industry
 - Practice Sessions

As a follow up action, the following activities are also conducted:

- Mock Test (online as well as manual) to test the analytical aptitude and logical reasoning etc
- Mock group discussion
- Mock Personal interview
- Guidance for last minute preparation for the expected companies, so as to meet the requirement of the industry/ company/ organization

TAP Cell regularly invites feedback from industry, academics & research organizations to improve upon the programme.

The outcome of all these efforts is not just the employability of the student but a holistic growth & development which converts them into positive, productive professional who can be a part of nation building.

“You can motivate by fear, and you can motivate by reward. But both those methods are only temporary. The only lasting thing is self motivation.”

- Homer Rice

CORPORATE COMMENTS

The university acknowledges the central role and responsibility of higher education and research as drivers of innovation, talent, entrepreneurship and, ultimately, economic development; providing private and public sector leaders across disciplines with a platform for dialogue and initiatives. Through regular contact and collaboration with a growing network of leaders from different sectors we explore long-term collaboration and institutional partnerships on issues and projects of mutual interest. The university offers an unparalleled exposure to people, topics and platforms throughout the year from business, government, society and academia.

We are constantly in search of the world's best experts on diverse topics and invite them to present and participate in conference, seminars, panel discussions and others to become members of Advisory Council of the university, and advise and steer projects and initiatives of the university where they have a unique expertise.

Most of the opportunities provide students, as far as possible, with an opportunity to meet, exchange ideas, discuss issues and listen to some fascinating speakers and leaders from all sectors in a highly interactive setting and with significant feedback.

As I experienced besides one of the best infrastructure, the fact remains the same that the talent is groomed at its best shape and readily disposable to corporate. Would love to have excelled relationship with the group.

- Means scholarship on the basis of Economic Background.**

Scholarship distribution by Collector & DM of Gwalior.

The ITM University Gwalior held First Convocation Ceremony on 8th October, 2016 in the university campus. Convocation is a day of well-deserved celebration. For students, it is an achievement of their hard work, for teachers it brings deep sense of contentment and for parents and families it is a moment of immense pride and a culmination of their years of dedicated support and understanding.

In the Convocation, The ITM University has awarded total 2033 degrees to students of various courses who completed their courses in the year 2015 and 2016. The ITM University has awarded gold and silver medals to some meritorious students.

In the First Convocation, the ITM University honoured some distinguished persons and bestowed upon the degree of Honoris Causa:

- **Mr. Shyam Benegal**, Film Direction and Scriptwriting (D.Litt.)
- **Mr. Lakshminarayana Subramaniam**, Music (D. Litt.)
- **Ms. Mridula Garg**, Literature (D. Litt.)
- **Mr. Vinod Dua**, Media (D. Litt.)
- **Mr. Prabhakar M. Kolte**, Fine Arts (D. Litt.)
- **Ms. Tessy Thomas**, Science & Technology (D. Sc.)
- **Mr. Anupam Mishra**, Environmental Studies (D. Litt.)
- **Mr. Pallela Gopichand**, Sports (Ph. D.)
- **Mr. Yuvraj Singh**, Sports (Ph. D.)

The ITM University has also awarded Ph. D. degrees to five students who have successfully completed their doctoral programs.

Shri Shyam Benegal
Film Director,
Screenwriter.

Shri L. Subramaniam
Violinist, Composer, Conductor,
Multi-instrumentalist, Arranger, Record
Producer, Pedagogue, Grammy
Awardee.

Smt. Mridula Garg
Writer.

Shri Vinod Dua
Journalist, Psephologist,
Cuisine presenter, Anchor.

Shri Prabhakar M. Kolte
Eminent Painter.

Smt. Tessy Thomas
Scientist, Technologist,
DRDO Official.

Through generous donations from individuals and organization, the ITM University Gwalior has instituted following sponsored medals for meritorious students in different fields:

- **Jai Chand Mehta**, Gold Medal for Best Entrepreneur.
- **Ashok Goyal**, Gold Medal for Securing Overall First Rank among all Examination of the University.
- **Dwarka Prasad Agarwal**, Gold Medal for Securing First Rank in Bachelor of Technology (Honours) in Computer Science and Engineering/Information and Communication Technology Examination.
- **Thakur Saheb Bachchhraj Singh Ji Rathore**, Gold Medal for Securing Overall First Rank (Female Category) among all Examination of the University.
- **Shakuntaladevi & Ramdas Tripathi**, Gold Medal for Securing First Rank in Bachelor of Technology (Civil Engineering) Examination.
- **Samandari Devi Jain**, Silver Medal for Excellent Contribution in Promoting Social Activities.

PROGRAMMES OFFERED

SCHOOL OF ENGINEERING & TECHNOLOGY	Programmes	Eligibility	Duration	Mode of selection
	B.Tech./B.Tech (Hons.)			
	Civil Engg.	10+2 in Maths Stream with 50% Marks	4 Yrs.	ITM-NEST
	Mechanical Engg.	10+2 in Maths Stream with 50% Marks	4 Yrs.	
	Electronics & Communication Engg.	10+2 in Maths Stream with 50% Marks	4 Yrs.	
	Electrical Engg.	10+2 in Maths Stream with 50% Marks	4 Yrs.	
	Computer Science Engg.	10+2 in Maths Stream with 50% Marks	4 Yrs.	
	Information Technology	10+2 in Maths Stream with 50% Marks	4 Yrs.	
	Automobile Engg.	10+2 in Maths Stream with 50% Marks	4 Yrs.	
	Biotechnology Engg.	10+2 in PCM/PCB Stream with 50% Marks	4 Yrs.	
	Petroleum Technology Engg.	10+2 in Maths Stream with 50% Marks	4 Yrs.	
	Integrated Program** M.Tech. / MBA			
	Civil Engg.	10+2 in Maths Stream with 50% Marks	5 Yrs.	ITM-NEST
	Mechanical Engg.	10+2 in Maths Stream with 50% Marks	5 Yrs.	
	Electronics Engg.	10+2 in Maths Stream with 50% Marks	5 Yrs.	
	Computer Science Engg.	10+2 in Maths Stream with 50% Marks	5 Yrs.	
	M.Tech.			
	Computer Science	B.E/B.Tech with 55% marks	2 Yrs.	ITM-NEST / GATE
	Mechanical Engg.	B.E/B.Tech with 55% marks	2 Yrs.	ITM-NEST / GATE
	Civil Engg.	B.E/B.Tech with 55% marks	2 Yrs.	ITM-NEST / GATE
	VLSI Design	B.E/B.Tech with 55% marks	2 Yrs.	ITM-NEST / GATE
	Communication Systems	B.E/B.Tech with 55% marks	2 Yrs.	ITM-NEST / GATE
	Ph.D			
ECE / ME / CS	PG with minimum 55% marks		ITM-NEST	
SCHOOL OF BUSINESS	MBA in Financial Markets Jointly offered with NSE	Minimum 60% marks in UG/PG	2 Yrs.	ITM-NEST / CAT/ CMAT/ XAT/ MAT/ ATMA
	MBA in Supply chain and Logistics Management Jointly offered with Safexpress	Minimum 50% marks in UG/PG	2 Yrs.	ITM-NEST / CAT/ CMAT/ XAT/ MAT/ ATMA
	MBA in HRM & Industrial Law jointly offered with Walchand Dale Carnegie Finishing School (WDCFS)	Minimum 50% marks in UG/PG	2 Yrs.	ITM-NEST / CAT/ CMAT/ XAT/ MAT/ ATMA
	MBA (Dual Specialization) [Unique training opportunity in the area of banking operations software -FINACLE from Infosys in knowledge partnership with SBP-FLIP]	Minimum 50% marks in UG/PG	2 Yrs.	ITM-NEST / CAT/ CMAT/ XAT/ MAT/ ATMA
	BBA (H) in Financial Market Jointly offered with NSE	10+2 in any stream with 60%	3 Yrs.	ITM-NEST
	BBA	10+2 in any stream with 50%	3 Yrs.	ITM-NEST
	BBA (H)	10+2 in any stream with 55%	3 Yrs.	ITM-NEST
	B.Com.	10+2 in any stream with 50%	3 Yrs.	ITM-NEST
	B.Com. (H)	10+2 in any stream with 55%	3 Yrs.	ITM-NEST
	B.Com. (H) pursuing CA, CS & CMA	10+2 in any stream with 55%	3 Yrs.	ITM-NEST
	Ph.D.	PG with minimum 55% marks		ITM-NEST
SCHOOL OF PHARMACY	B. Pharm.	10+2 in Science stream with 50% marks	4 Yrs.	ITM-NEST
	D.Pharm.*	10+2 in PCB/M	2 Yrs.	ITM-NEST
SCHOOL OF COMPUTER APPLICATIONS	MCA	10+2 in maths and Graduation in any stream with 50% OR BCA with 50% Marks	3 Yrs.	ITM-NEST
	BCA (H)	10+2 in Maths with 50%	3 Yrs.	ITM-NEST
	BCA	10+2 in any stream with 45%	3 Yrs.	ITM-NEST
	PGDCA	Graduation in any stream with 50% marks	1 Yr.	ITM-NEST
	Ph.D	PG with minimum 55% Marks		ITM-NEST
SCHOOL OF NURSING	M.Sc. Nursing	B.Sc.Nursing with 1 year experience	2 Yrs.	ITM-NEST
	B.Sc. Nursing	PCB & English with 45% marks	4 Yrs.	ITM-NEST
	B.Sc. Post Basic Nursing	After GNM with RN & RM	2 Yrs.	ITM-NEST

SCHOOL OF AGRICULTURE AND VETERINARY SCIENCE	B.Sc. (Agriculture)	10+2 in Science/Agriculture with 50% marks	4 Yrs.	ITM-NEST / Pre Agriculture Test Rank
	M.Sc. (Agronomy / Horticulture)	Minimum 50% marks in UG/PG	2 Yrs.	ITM-NEST
	MBA (Agri Business)	Minimum 50% marks in UG/PG	2 Yrs.	ITM-NEST / CAT/ CMAT/ XAT/ MAT/ ATMA
SCHOOL OF SCIENCES	B.Sc. (Biotechnology)	10+2 in Life Sciences / Maths/Agriculture with 50% marks	3 Yrs.	ITM-NEST
	B.Sc. (Food Technology)	10+2 in Life Sciences / Maths/Agriculture with 50% marks	3 Yrs.	ITM-NEST
	B.Sc. (PCM / CS)	10+2 in PCM/PCB Stream with 50% marks	3 Yrs.	ITM-NEST
	B.Sc. (Optometry)	10+2 in PCM/PCB Stream with 50% marks	3 Yrs.	ITM-NEST
	M.Sc. (Food Technology)	B.Sc. in Science/Home Sc. /Forestry/ Agriculture with 50%	2 Yrs.	ITM-NEST
	M.Sc. (Microbiology)	B.Sc. in Zoology, Forestry, Agriculture or any branch of Life Science with 50% marks	2 Yrs.	ITM-NEST
	M.Sc. (Biotechnology)	B.Sc. in Biotechnology, Micro-biology, Zoology, Botany	2 Yrs.	ITM-NEST
	M.Sc. (Petroleum Technology)	B.Sc. in Science Stream with Chemistry as ancillary subject with 50 % marks	2 Yrs.	ITM-NEST
	M.Sc. (Chemistry)	B.Sc. in Science / Agriculture with 50% (Chemistry as ancillary subject)	2 Yrs.	ITM-NEST
	M.Sc. (Applied Mathematics)	Graduation in Mathematics	2 Yrs.	ITM-NEST
	M.Sc. (Physics)	B.Sc. (PCM) with 50% marks	2 Yrs.	ITM-NEST
	Ph.D.	PG with minimum 55% marks		ITM-NEST
SCHOOL OF ART AND DESIGN	B.Sc. (Interior Design)	10+2 in any stream with 40% marks	3 Yrs.	ITM-NEST
	B.Sc. (Fashion Design)	10+2 in any stream with 40% marks	3 Yrs.	ITM-NEST
	Diploma (Fashion / Interior)	10th pass with 40% marks	1 Yrs.	ITM-NEST
SCHOOL OF PHYSICAL EDUCATION & SPORTS	B.Sc. (Health & Physical Education)	10+2 in any stream with 40% marks	3 Yrs.	ITM-NEST
	B.P.Ed.	Graduation in any stream with 50% marks	2 Yrs.	ITM-NEST
SCHOOL OF EDUCATION	B.Ed.	Minimum 50% marks in UG/PG	2 Yrs.	ITM-NEST
	B.A. B.Ed.	10+2 in any stream with 50% marks	4 Yrs.	ITM-NEST
SCHOOL OF ARCHITECTURE & DESIGN	B. Arch.	10+2 in Maths Stream with 50% Marks + Valid NATA Score	5 Yrs.	ITM-NEST / valid NATA Score / JEE Rank
SCHOOL OF FINE ARTS	BFA (Painting & Sculpture)	10+2 in any stream with 50% marks	3 Yrs.	ITM-NEST
	B.A. (Acting)	10+2 in any stream with 50% marks	3 Yrs.	ITM-NEST
	B.A. (Music)	10+2 in any stream with 50% marks	3 Yrs.	ITM-NEST
	MFA (Painting & Sculpture)	Minimum 50% marks in UG (relevant stream)	2 Yrs.	ITM-NEST
SCHOOL OF LAW	B.A. / B.Com. + LLB (Integrated)	Minimum 50% marks in 12th	5 Yrs.	ITM-NEST
	LLB (3 Year Degree Course)*	Minimum 45% marks in Graduation	3 Yrs.	ITM-NEST
	LLM	Minimum 50% marks in Graduation	1 Yr.	ITM-NEST
SCHOOL OF HUMANITIES AND LITERARY STUDIES	B.A. (Journalism & Mass Communications)	Minimum 50% marks in 12th	3 Yrs.	ITM-NEST
	B.A./B.A. Hons.	Minimum 50% marks in 12th	3 Yrs.	ITM-NEST
	M.A. (India & South Asia Studies)	Graduation in any stream with 45% marks	2 Yrs.	ITM-NEST
	M.A. Integrated (India & South Asia Studies)	Minimum 50% marks in 12th	4 Yrs.	ITM-NEST

*Approval under process • For intake of seats please visit our website www.itmuniversity.ac.in

B.Tech/B.Tech. Hons. Lateral entry (all the above branches)

(A) 3 Years Diploma in any branch of Engg. with atleast 50% marks from an Institute recognised by State Technical University. or (B) B.Sc. with atleast 50% marks from any central/state university, with physics and mathematics at intermediate level (except for biotech engg.) wherein intermediate with physics, chemistry, math/biology/computer science are also eligible.

IMPORTANT

"ITM University, Gwalior runs all its regular fulltime programmes at its Gwalior campus. There are no franchisees or study centers anywhere. 75% attendance in all courses and adhering to UGC norms is mandatory. Fees of each course is determined on the basis of norms as specified by Hon. Supreme Court & no commercialism & profiteering is involved." Capitation fee is not charged. All payments are on due receipts. Any complaints of violation of these should be immediately reported to Vice-Chancellor/Managing Director/Registrar.

1. CAUTION MONEY a. B.Tech. (Honours)/ B.Tech. /M.Tech (Integrated) / MBA (Integrated) / M.Tech./ M.Sc. Nursing / B.Sc. Nursing / Post Basic Nursing / B. Pharmacy / B.C.A. /M.C.A. /B.Sc (All disciplines) / M.Sc. (All disciplines) / B.C.A (Honours) / M.B.A. / B.A. / M.A. / M.A. Integrated / B.P.Ed. / B.A. / B.Com.+L.L.B. / B.Com / B.Com (Honours) / B.B.A. (Honours) / B.B.A. – Rs- 5,000 (Refundable) b. Ph.D. & M.Sc. Nursing – Rs.- 10,000 (Refundable) c. For Hostel rooms: Caution Money is 10% of tariff (Refundable).
2. Transportation Fee: Gwalior:- Rs. 14,000 per annum, Dabra:- Rs.17,000 per annum, Morena: Rs. 19,000 per annum.
3. Hostel Fee : 75,000 per annum (Extra charges payable as per room and comfort preference).
4. BEC (British English Council) Course Fee: Rs. 4,200/- (not included in total course fee) payable in first semester.
Note: *B.Tech (Hons) fees will be 10,000/- (per annum) payable in Pre-final year and final Year.

MECHANICAL ENGINEERING

Mechanical Engineering is one of the core branches of engineering. It practically interfaces with all other branches of engineering and technology. All engineering products need knowledge of mechanical engineering for planning, designing, manufacturing, transportation, servicing and maintenance. The branch, therefore, has continuous demand whether the product is an electrical or electronic gadget, consumer item, and computation or communication devices. The mechanical engineering has a major role in automobile, aviation, production, power generation, mining and refineries, oil gas & petroleum exploration techniques, etc.

The course curriculum of undergraduate programme of mechanical engineering includes fundamentals of thermodynamics, heat and mass transfer, energy conversion systems, refrigeration and air conditioning, fluid mechanics, fluid and turbo machinery, kinematics and dynamics of machines, machine design, modeling and simulation, material science, CAD/CAM, tool design, manufacturing methods, production process, production planning and control, CNC machines, automobile, industrial engineering and management, tribology, and aspects of machinery, vibration and maintenance, mechanics and strength of materials.

“Doubt everything. Find your own light.”

- Lord Buddha

Programmes Offered

- B. Tech./B. Tech.(Hons.)- Mechanical Engineering
- B. Tech- Automobile Engineering
- B. Tech. - Petroleum Engineering
- B. Tech. + MBA (Integrated)
- B. Tech. (Hons.) + MBA (Integrated)
- B. Tech. + M. Tech. (Integrated)
- B. Tech. (Hons.) + M. Tech. (Integrated)
- M. Tech. - Production and Industrial Engineering
- M. Tech. – Thermal Engineering
- M. Tech. – Machine Design
- Ph.D

Uniqueness

The department right from the inception has been offering undergraduate and advanced studies under all the broad field of Thermo-Fluids, Materials and Design, Manufacturing Sciences and Robotics. The current areas include computer aided design techniques, computer aided manufacturing, flexible and robotic manufacturing systems, intelligent machines and systems, computer graphics, precision engineering, automation, advanced machining methods and materials. The latest CNC lathe machine has also been installed in the departmental workshop including UTM and hardness testing machines.

MoUs

- CETPA • DreamUny • TPC Global

Career options & Placement Opportunities

The career options are unlimited for mechanical engineers in fields of design and development, production, maintenance, production planning and control, sales, valuation are wide open in all private industries, PSUs and government enterprises. The data reveals that growth and success probability in career is more for mechanical engineers. The mechanical engineering graduates have ample placement opportunities.

- Almost every industry needs more mechanical engineers than engineers in their specific branch.
- The branch that gives you the widest security of job. There are more than 80000 types of jobs available for mechanical engineers.

The leading sectors requiring mechanical engineers are automotive, energy, oil and gas, commercial and consumer products, construction equipments, defence, armed forces, business circle, aerospace, power generation, nuclear, alternative fuels, utility companies, chemical and environmental industries, pharmaceuticals and health care, bio medical, sports equipment manufacturing etc.

Major Recruiters

- General Motors • HONDA • TOYOTA • ONGC • Indian Oil
- Reliance • Shell • Esso • Godrej • Unilever • DLF • L & T • ABB • BOSCH • SIEMENS • NTPC • BHEL • GAIL • SAIL, ect.

Resources

The department of mechanical engineering has well equipped workshop and labs of thermodynamics, heat and

mass transfer, energy conversion systems, refrigeration and air conditioning, fluid mechanics, fluid and turbo machinery, kinematics and dynamics of machines, machine design, graphics, CAD/CAM, internal combustion engines, automobile, metrology and measurement, and vibration engineering. Additionally the department has a functional CNC machine shop used extensively for student's training and projects.

For petroleum engineering the labs are drilling fluids and cementation, reservoir modeling, process equipments are well established.

Student's Achievements

- In the ECO KART competition of 2015 our cart was appreciated as “Best SUV of the Event” due to its design and aesthetic appearance. The team also won the “Best captain” award.
- Secured First Rank in Gwalior Region in Virtual round of “Go Kart” Championship.
- Team “YOGA” from “ITM UNIVERSITY, GWALIOR” has successfully completed the Virtual Round of Eco KART 2014, Securing 12th Rank All India. The Team is now eligible for further performing in the Dynamics Round of ECO KART 2014
- Participated in national seminar on “Emerging Market Opportunities for Off-Highway industry in India” which was in industrial collaboration of Volvo, JCB, John Deere, M&M, Cummins, TAFE, Caterpillar, Eaton, L&T PTC, KPIT, L&T, Infosys, Mahindra, etc.

Research Areas

ITM University Gwalior carries out original research of significance in the cutting edge areas under mechanical engineering. Besides research it also imparts training for students to make them competent and motivated professionals. The institute not only celebrates freedom of thoughts, cultivates vision, encourages growth but also inculcates human values and concern for the environment and the society.

The current research areas are in the fields of Thermal, Design, Production and Industrial Engineering along with automobile and petroleum engineering. The quality research papers have been published by the faculty members in leading international journals and several papers have also been awarded as best technical papers of the year.

COMPUTER SCIENCE

ENGINEERING / INFORMATION TECHNOLOGY

Global Excellence and Local Relevance in research, teaching, and technology development is the vision of the Department. The Department was started 2011. The Department has state-of-the-art infrastructure and computing equipment supported by high speed Ethernet and wireless networks.

The courses offered in the Department are aimed at preparing students for a career in any of the main areas of Computer Science & Engineering/Information Communication Technology where they can put to practice the knowledge acquired during the study. Through rigorous theory and laboratory practices, the students are equipped to seek position in an organization engaged with computational and software development applications.

"I do not feel obliged to believe that same God who endowed us with sense, reason, and intellect had intended for us to forgo their use."

- Galileo

Programmes Offered

- B.Tech. (CSE)
- B.Tech. (IT)
- B.Tech. (Hons.) (CSE/ IT)
- M.Tech. (CSE)
- B.Tech.+MBA (Integrated)
- B.Tech.+M.Tech. (Integrated)
- Ph.D.

Uniqueness

The Department of Computer Science and Engineering provides an outstanding research environment complemented by excellence in teaching.

Well qualified faculty members aim at delivering top class education blending their rich research experience with classroom teaching.

The department has a comprehensive curriculum on topics related to all aspects of Computer Hardware and Software with an emphasis on activity and project based learning. The course structure is up-to-date and includes courses on promising topics to equip our students with the latest developments in Computer Science and Engineering.

- Hardware Trouble shooting and Maintenance cell caters to the needs of all the departments of the entire ITM University.
- The R&D cell is constantly striving for research in some of the niche areas in information & communication technology.
- The Department is assisted by a well maintained Departmental library for references.

MoUs

The MOU creates an accord between the industry and ITM University Gwalior which is beneficial for students to enhance their technical skills and groom them as per the industry requirement.

The department has signed following MOUs:

- EMC2
- Oracle, Nucleus & IBM
- CISCO for CCNA
- IIT Bombay spoken tutorial, FOSS Lab, IIT Mumbai
- Georgia Southwestern State University, USA (GSW)
- Infosys
- One Planet Research
- DOC Systems
- DreamUny Education Pvt. Ltd.
- Safeducate Learning Pvt. Ltd.
- SAP India Pvt. Ltd.
- CETPA
- TPC Global

Pedagogy and Learning Ambience

The department's pedagogy aims at preparing students to face real-world challenges using Project-Based Learning (PBL), interactive and participative processes and constant mentoring. Lots of opportunities are provided to students to supplement the conventional technical education using the following practices:

- Industry Visits, Workshops and Trainings
- Projects and Quiz Competitions
- Students Seminars and Debates
- Interviews and Group Discussions
- Innovation and Creativity Clubs
- Personality Development Programmes

Students and faculty are also benefit from the following sources:

• NPTEL Programme • MIT's Open Courseware • IIT Spoken Tutorial and FOSS lab by IIT Mumbai • Udacity Programme

The teaching aids include Multimedia LCD projectors, and smart class rooms. Frequent visits by leading industry officials, academia and government give the students a unique opportunity for interaction.

Career Options & Placement opportunities

IT sector is quite broad in terms of employment and job options. Roles are varieties for Computer engineers in IT sector, but their primary role is to apply the knowledge of mathematics and science to design and develop software to be used by clients or users. Computer engineers can work as network engineers, system management professionals in public, private as well as in academic institution. Computer software engineers have bright career prospects as the application of software and dependency on it in various walks of life are increasing.

Our students have been placed in companies like TCS, Wipro, Satyam, IBM, Mahindra Mphasis (EDS), Hexaware, Infosys, Torry Harris, Persistent, Accenture, Libsys, Amdale, HCL, Unilogic, Applabs, Zensar, Syntel, and Shriram Value Services Pvt. Ltd.

Resources

- Well-equipped specialized labs & multimedia classrooms
- All classrooms are breezy and nature friendly
- Licensed and Open Source Softwares (Microsoft Campus Agreement, Java, MATLAB, NS@, WEKA, Cloudsim 3.0.1, Cisco Packet tracer, Ubuntu 16.04, ORACLE 9i, Linux7.2, windowsNT/2003 Server, Wi Proxy, TurboC++.etc.)
- Campus agreement with Microsoft Corporation for use of all its softwares
- High Server Configuration.
- 40 Mbps for high speed internet connectivity throughout the labs
- Having enough power backup facility upto 100 KVA
- 15 broadband connections are used as a backup and fault tolerant internet connectivity

Research Areas

- Computer Networks, Network Security
- Machine Learning, Information Retrieval
- Image, Speech and Video Processing
- Cloud Computing
- Data Mining
- Soft Computing
- Wireless Sensor Network
- Mobile Adhoc Network and Vehicular Adhoc Networks
- Big Data Analysis

Certificate Courses

- .NET Programming
- C Programming
- Object Oriented Programming C++
- JAVA programming
- Python

ELECTRONICS & COMMUNICATION ENGINEERING

In present era the field of Electronics and Communication Engineering plays an important role in almost every sphere of our life. It has penetrated in every field of our existence whether these are television, washing machines, mobile phones or automated vehicles. It mainly deals with the communication technologies along with the basic electronic components, design of circuits and systems.

The department of Electronics and Communication Engineering was established in year 2011 with the intent of raising highly qualified Engineers and Researchers who can make substantial contribution in the field of Electronics and Communication Engineering.

“Imagination is more important than knowledge.”

- Einstein

Programmes Offered

- B.Tech.
- B.Tech. (Honors)
- B.Tech. + M.Tech (Integrated)
- B.Tech. (Honors) + M.Tech. (Integrated)
- B.Tech. (Honors) + MBA (Integrated)
- B.Tech. + MBA (Integrated)
- M.Tech. (VLSI Design)
- M.Tech. (Communication Systems)
- Ph.D.

Uniqueness

- Highly qualified and experienced staff.
- Faculty with wide array of specializations.
- Faculty with specializations in VLSI Design, Microwave Engineering, Wireless Communication, Communication Systems, Applied Electronics, Digital Communication, Measurement and Control.
- Syllabus designed in collaboration with the industries to enhance placements.
- For hands on experience and innovation, every subject is supplemented with a project.
- Emphasis on Research and Innovation.
- Involvement of students in R & D centres of department.
- A wide array of electives which gives freedom to study the subjects of their interest.
- Continuous organization of Seminars, Conferences and Workshops.
- Publications in International, National Journals and Conferences of repute.
- Well equipped Laboratories.
- Published two patents and one copyright

MoUs

The MOU creates an accord between the industry and the university which is beneficial for students to enhance their technical skills and groom them as per the requirement of the industry. The department has signed following MOUs:

- Rockwell Automation
- Hewlett Packard
- CISCO
- Excel Technologies
- Scientech Technologies
- CETPA
- DOC System
- DreamUny
- One Planet Research
- TPC Global

Career options & Placement Opportunities

Electronics and Communication Engineering offers scope in the field of Wireless Communication, VLSI Technology and Design, Digital Signal Processing, Television Broadcasting, Embedded Systems, Microwave Engineering,

Nanotechnology, Satellite Communication, Space Research. Beside these, students also get a chance to be placed in software companies because of the versatility of Electronics & Communication Engineering students.

Major Recruiters

Intel • Cadence • Synopsis • Samsung • LG • DRDO • ISRO • ST Microelectronics • Bharat Electronics Limited, • BSNL • Idea • Airtel • Vodafone • Videocon • Nokia

Resources

- Well furnished and spacious classrooms.
- Well equipped library with 2564 titles and 22000 volumes.

The department has well equipped laboratories to efficiently run all the courses. The department has following Laboratories:

- Basic Electronics Lab
- Electronics Workshop
- Electronic Devices and Circuits Lab
- Digital Electronics Lab
- Networks Analysis & Synthesis Lab
- Instrumentation & Measurement Lab
- Analog & Digital Communication Lab
- Microprocessor & Microcontroller Lab
- Control Systems Lab
- PCB & Project Lab
- Software Lab
- Microwave Engineering & Antenna Lab
- Television Engineering Lab
- Optical Communication Lab

Research Areas

Abundance of research areas are available in field of Electronics and Communication Engineering:

- VLSI Design
- Microwave Engineering
- Wireless Networks & Communication
- Digital Communication
- Embedded Systems
- Microelectronics
- Nanotechnology

BIOTECHNOLOGY ENGINEERING

Our Biotechnology programme is a fusion of biology and technology emphasizing the synergy between the living microscopic world and the industrial technology. Biotechnology mainly deals with the concerned of diseases of the living organisms, to increase the life span of the organism, productivity of the crops, to increase the immune strength, to segregate the disease producing micro-organisms from the body and to find its reproductive nature, behavior and mode of nutrition etc. for the benefit and welfare of the human society.

Biotechnologist may add, subtract, multiply or divide the four poly-biomolecules which are essential for living organism. These molecules are Proteins, Carboydtrates, Nucleic acids and Lipids. With the development of Recombinant DNA technology, hybridoma and stem cell development, biotechnologist are able to produce new high yield and diseases resistant hybrids crops, identification and treatment of diseases by producing natural and synthetic drugs.

Dr. Harshvardhan, Hon. Minister of Science & Technology inspecting the research lab of ITMU.

“A person starts to live when he can live outside himself.”

- Einstein

Programmes Offered

- B. Tech / B. Tech (Hons.) - Biotechnology

Uniqueness

The academic programme in Biotechnology Engineering has been designed to focus on generation of knowledge and expertise in the emerging areas of science and technology by developing state-of-the-art physical infrastructure to produce quality manpower needed in areas for social and industrial benefit. The B.Tech. Biotechnology programme at ITM University is driven by the development of theoretical knowledge base as well as the business needs of the biotechnology sector. It involves a flexible model where the course content would continuously evolve with the rapid changes occurring in Biotechnology Industry without compromising on the basic tools in the area. The courses would provide competence in biotechnology by providing training in the areas of microbiology, biochemistry, molecular biology and bioinformatics. Lectures, seminars and hands-on projects, both in-house and during industry or academic internships, which is part of the learning process. The major thrust is the integration of the theoretical knowledge with the hands-on practical experiences.

MoUs

- DreamUny • One Planet Research • TPC Global.

Career options & Placement Opportunities

Career opportunities for students in biotechnology are plenty. Those specializing in different sub-disciplines of this field can easily find jobs in both private and government sector undertakings. If you have acquired a B.Tech degree in biotechnology then you can easily find a suitable position in a number of industries. Biotechnology assimilates in itself a number of disciplines. Major recruiters include industries engaged in processing and developing agricultural and biological products, bio-processing industries, pharmaceutical and chemical industries. There are ample opportunities in industries, producing healthcare products, textile industry, cosmetics and organisations engaged in different types of industrial research and development. Further, there is a great demand for biotechnical experts in countless industries and sectors.

Major Recruiters

Biocon India Pvt. Ltd., Serum Institute of India, Panacea Biotec., Piramal Healthcare, Wockhardt Limited, GlaxoSmithKline, Bharat Serum, Krebs Biochemicals and Industries Limited, ZydusCadila, Indian Immunologicals, Monsanto Biotech, Rasi Seeds, Novo Nordisk, Indian Immunologicals, Trans Asia Biomedics

Resources

Laboratory Facility

The School of Life Sciences has well equipped labs of

Biotechnology, Microbiology, Biochemistry, Molecular Biology, plant Tissue Culture and computer labs with number of computers with internet facilities. In addition to the department has central Instrumentation lab having very costly and sophisticated instrument. Some specialized labs are under preparation as enzyme technology lab, RDT lab etc. The department arranges the Industrial training, Industrial visits and Instrumentation training, workshops with industrial applications.

- Central Instrumentation Lab (CIL)
- Research Lab
- Food Technology lab
- Microbiology Lab
- Biotechnology Lab
- Bioinformatics lab
- Botany/Zoology lab

Major Equipments

- UV-Vis Spectrophotometer
- Cooling Ultra Centrifuge
- High speed Research centrifuge
- Orbital Shaker etc.
- -20oC Deep freezer
- BOD Incubator etc.

Research Areas

Student of Biotechnology can find numerous fields for Research such as

- Animal Biotechnology
- Computational Biotechnology
- Environmental Biotechnology
- Human Biotechnology
- Industrial Biotechnology
- Medical Microbiology & Biotechnology
- Plant Biotechnology etc.

CIVIL ENGINEERING

Civil engineering is the practical application of principles of science to provide better quality of life to human beings. It was divided into two areas (i) civil applications and (ii) military applications. All other engineering branches sprang from this basic civil engineering. Civil engineering has the capability of kick starting the economic development of nation. Hence starting from 1st Five year plan, right up to current one, the outlay of expenditure, both in public and private sector has been more than 50% of the total.

The demand for better infrastructure is exponentially increasing every year with every sector of economy demand more office, residential, commercial, industrial, and hospital buildings, water supply and sanitary engineering facilities, Transport i.e. roads, railways, airports, tunnels, bridges. & ship ports, etc., communication & entertainment, petrochemical and refining etc. Hence demand to construct these facilities and maintain them in working conditions, is never going to decrease. The demand for better quality of civil engineers will continuously increase.

“You cannot teach a man anything; you can only help him discover it in himself.”

- Galileo

Programmes Offered

- B. Tech./B. Tech. (Hons.)
- B. Tech. (Hons.) + M. Tech. (Integrated)
- B. Tech. (Hons.) + MBA (Integrated)
- M. Tech. (CTM)
- Ph.D.

Uniqueness

Our students have great opportunities of employment in infrastructure projects, Real estate development, maintenance and management of construction projects in almost all the sectors of economy. The best opportunity for a fresh engineering graduate is self-employment and to start their own construction and consultancy firms. The number of Civil engineers is the index of economic development of any country.

The Civil Engineering Department of the university is concentrating on increasing the employability of students apart from transfer of knowledge and professional skills.

Department is offering training option to students in

- AUTOCAD • STAAD • PRIMAVERA • MS-PROJECT
- AMCAT etc.

MoUs

- CETPA
- Autodesk
- TPC Global

Career options & Placement Opportunities

L&T, Hindustan Construction Company, Simplex Infrastructure Ltd., Punj Lloyd, Continental construction, G.M.R. Group, Lanconfratech, Atlanta Ltd., Man Infrconstruction Ltd., IVRCL Ltd., II&FS Engineering & Construction Company Ltd., ShopurjiPalanji Construction Corporation, Local Big Contractors, Builders and Developers, National Project & Structural Consultancy Firms, Consultants and Real Estate Developers and Maintenance Engineers.

Apart from these private sector companies, the major employer of civil engineers are the Government and Public sector undertakings like: state and central P.W.D's, Irrigation Deptt., P.H.E Deptt., Municipal Corporations, City Development Authorities, Housing Corporations and Boards, Town & Country Planning Boards, Steel Plants, Industrial Corporations, National Building Construction Corporations, Electricity Boards, Power Plants etc.

Resources

Civil Engineering Department is having excellent and experienced faculty with a mixture of old and young teachers. Department is having laboratories which are almost fully equipped and continuously developing according to the changing requirements as per the demands of Industry. These include civil engineering workshop, Surveying, Strength of materials, Geology,

Kirloskar Academic Block

Geotechnical, Concrete, Highway materials, and Model labs etc. Apart from these department has departmental computer lab for training in AUTOCAD, STAAD, PRIMAVERA and other useful Civil engineering softwares.

Students' Achievements

Our students actively participate in intra mural activities, national & international activities. The special mention is to be made of Navneet a student of B.Tech. II yr. Civil Engg., who got selected for an international conference in Germany, namely SHC 2013, conducted by solar committees of USA & Belgium. He competed with 297 students from 49 countries to get his selection for final presentation. ITM family congratulates Master Navneet on his grand success.

The students are encouraged to establish a Society of Civil Engineering in the university. In the meetings of this society, students interact with invited field experts and pioneers of Construction Industry as to what are their requirements and expectations from fresh graduate. This greatly helps to increase the employability skills of students.

Research Areas

The Civil Engineering Department is concentrating on the research in areas of Construction Technology, Construction Management and Environment Engineering.

ELECTRICAL ENGINEERING

Electrical engineering is a field of engineering that generally deals with the study and application of electricity, electronics and electromagnetism. Electrical engineering is considered to deal with the problems associated with large- scale electrical systems such as power transmission and motor control. Electrical Engineering has been a core branch of engineering with immense potential in government and private sectors.

The department of Electrical Engineering was established in the year 2011. The department takes pride in its well-experienced and qualified faculty having Ph.D. & M.E./M.Tech degree and competent in their respective areas. The department is also aided by eminent visiting professors, who are experts in the electrical field to impart quality education to our students. The department of EE strives to impart application and practice-based technical knowledge to students.

“The Sun, with the planets revolving around it, and depending on it, can still ripen a bunch of grapes as though it had nothing else in the Universe to do.”

- Galileo

Programmes Offered

- B.Tech.
- B.Tech. (Honors)

Uniqueness

- Modular Object Oriented Dynamic Learning Environment (Moodle) is a software application for the administration, documentation, tracking, reporting and delivery of e-learning education courses or training programmes. We use Moodle to deliver online courses and study material which is commonly not available to the students in most of the institutes. It will help to handle all the aspects of the learning process.
- MIS is a software for fee management, course management, attendance, tests, exam results, library management, department management, staff information, student information and information about the management are its different modules.

MoUs

- CETPA
- MISPL
- TPC Global

Career options & Placement Opportunities

- Electrical Engineers can pursue Master of Science in foreign universities by qualifying Graduate Record Examination (GRE) or Test of English as Foreign Language (TOEFL) or International English Language Testing System (IELTS).
- For pursuing Master of Technology, Electrical engineering graduates have an option to consider specializations such as power electronics and drives, power systems, electrical machines, control and instrumentation, applied electronics, embedded systems, VLSI Design, Nanotechnology, Nano-medical sciences, remote sensing and geo-informatics systems, clinical engineering and so on.
- Electrical Engineers can also get a professional engineering (PE) license through the state's licensure board which gives them the authority to sign and seal engineering plans and offer their services to the public.

Major Recruiters

- Power Grid Corporation
- National Thermal Power Corporation
- Bharat Heavy Electricals Limited(BHEL)
- Gas Authority of India Limited(GAIL)
- National Hydel Power Corporation
- Indian Oil Corporation Limited
- Bhabha Atomic Research Centre
- Delhi Metro Rail Corporation
- Bharat Petroleum Corporation Limited
- Nuclear Power Corporation of India Limited
- Oil and Natural Gas Corporation
- ABB - Asea Brown Boveri

- Reliance Energy
- Jindal Steels
- J K Tyres
- Tata Motors
- Bajaj Electricals
- Crompton Greaves
- Kirloskar
- Cummins
- Schneider Electric
- General Electric
- JP Power Ventures

Resources

The electrical department is equipped with many labs and experiments covering the entire syllabus namely basic

- Electric Engineering Lab
- Electric Machines Lab
- Electrical Measurements Lab
- Network Analysis lab
- Simulation Lab
- Microprocessor Lab
- Power Electronics Lab
- Control Systems Lab
- Power System Lab
- Electric Drives lab

Research Areas

- Industrial Systems & Drives,
- Electric Machines, Power Systems,
- Power Electronics,
- Congestion Management.

BUSINESS MANAGEMENT

ITM School of Business is one of the flagship and leading B-schools of Central and North India. It has received highest ratings for its learning-outcomes based academic programmes, state-of art Infrastructure, rich academic resources, continuous evaluation system, credit based system and global outlook. The basic intent of the B-school is to impart quality management education at Undergraduate, Postgraduate and Doctoral research levels.

Our programmes are a showcase of flexibility, predictability, and transparency. All our academic programmes are based on a system of credits—generally guided by ECTS (European Credit Transfer and Accumulation System) as a proper means of promoting the most widespread student mobility.

ITM School of Business has been Ranked at 32nd Position by NIRF (National Institutional Ranking Framework, MHRD, Govt. of India in April 2016) and Ranked at 13th Position amongst the Top 100 B-Schools in India in terms of “Intellectual Capital, Physical infrastructure, Industry interface and Placements” (By Career Connect, February 2016, Vol.- 4, Issue- 6).

"Nothing in life is to be feared. It is only to be understood."

- Marie Curie

Programmes Offered

Industry Oriented Programmes:

BBA-Honors/MBA-Financial Markets (In Association with National Stock Exchange)

The National Stock Exchange (NSE) & the ITM University has signed a MoU to launch a Three Year BBA Hons. Course & Two year MBA course in financial markets, the first of its kind in Madhya Pradesh. As a part of the curriculum, BBA Hons. and MBA students will be required to qualify modules of NSE's National certification in financial markets (NCFM). The NCFM modules are widely recognized in India as a necessary criterion for employment in the financial and capital markets space.

MBA-Supply Chain & Logistics (In Association with Safexpress)

First true programme with industry leader where a student is co-evolved to possess valuable skill set required by supply chain and logistics industry. The programme exposes you to industry during the internships offered as part of the curriculum and offers you an opportunity to get yourself trained hands-on.

MBA-Human Resource Management and Industrial Law (In Association with Walchand Dale Carnegie Finishing School (WDFS))

MBA in Human Resource Management & Industrial Law at ITM University Gwalior has been uniquely designed to cater to the needs of current and future leaders who aspire to acquire specialized knowledge and skills to best leverage the human resources in an organization.

Generic PG Programme

MBA-Dual Specialization

This is a two years full time credit based programme spread over six trimesters. This highly sought after programme is a contemporary and challenging programme that uses latest state-of-art teaching learning processes that delivers maximum "learning outcome". The teaching-learning process of the programme is unique in North and Central India and is instrumental in placing students in best of the corporates.

Generic UG Programmes

- B.Com (Hons)
- BBA (Hons.)
- BBA (Hons.) - Financial Markets (In Association with National Stock Exchange)
- B.Com (Hons) programmes for CA/CS/CMA pursuing students
- BBA
- B.Com.
- Ph.D. Programme
- Ph.D. in Management

Ph.D Programme

- **Ph.D.** in Management

Uniqueness

- Dual Specialization with options in Marketing, Finance, HRM, International Business.
- Rich curriculum designed by Industry and faculties from reputed Institutions like IIMs/IITs etc.
- Distinctive blend of core courses, specialized electives, workshops, projects, field studies and dissertation.
- Trimester based process of rigorous teaching-learning.
- Flexible Programmes with choice based credit system.
- Case Based Pedagogy, wherein, popular cases from Harvard/Darden/Ivey etc. are used.
- Workshops on SPSS, E-Views, Marketing Engineering, Compensation Planning, Business drafting, Entrepreneurship, Managerial Computing using MS Excel, Financial Modelling through Spreadsheet, Leadership etc.
- Quality teachers with doctoral degrees and research exposure at prestigious institutions like IIMs, ISB and international Business Schools like Harvard etc.
- Good blend of faculties with robust academic credentials and rich industry exposure.
- Fully equipped modern classrooms with LCD projectors; Wi-Fi connectivity.
- Modern facilities like Seminar halls, with combined seating capacity of more than 800 for conduction of events like MDPs, FDPs, Workshops, National and International Seminars and Conferences etc.

Licensed Softwares

- SPSS 20.0 • E-Views

Career options & Placement Opportunities

School of business has a marvelous track record of placements across the entire North and North central region of India. Our batch of MBA 2016 witnessed an overall placement of 94 percent amongst the eligible students and MBA Supply Chain batch of 2016 in particular clocked a record of 100 percent placement. Our batch of MBA 2016 witnessed an overall placement of 94 percent amongst the eligible students and MBA Supply Chain batch of 2016 in particular clocked a record of 100 percent placement. Some of the major recruiters were Kent RO, Airtel, Axis Bank, HDFC Bank, Naukri.com, Safeducate, DICT, Money Capital Height Research, Safexpress, JaypeeInfraTech, Grofers India Pvt. Ltd., Info Edge, Career Mantra, JeevanSaathi.com, Epic Research, S&P Capital IQ, PwC, Asian Paints, iResearch Services, Universal Hunt, 99acres.com, ICICI Securities, Nielsen, Pepperfry, Gojavas, Satin Credit care, Fedex, HCL Bserv, Fusion Microfinance, Trifid Research, IndiaMARTInterMESH) etc.

Academic Activities

- Strong Industrial Interface • Quality Academia Interface
- Skill Based Competition • Case writing workshops
- Sagacitas - The Management Fest • Innovation Summit
- National Seminar-Suspire • National Research Methodology Workshops using SPSS • International Conference-INNOSERVE • Short Term Certification Courses

COMPUTER APPLICATIONS

The Department is successfully meeting the objective of producing skilled manpower of the highest quality who are able to cope up with challenges of ever evolving industrial needs of the country. The basic intent of the school is to impart quality education at Undergraduate, Postgraduate and Doctoral research levels.

The institute has well equipped labs, multimedia classrooms and large warehouse of books, articles, magazines in library to have maximum knowledge opportunity. School believes in innovative teaching learning process supported by advanced curriculum developed by experts from IIT's, and leading Universities of the country in consultation with professionals from industry and research organizations.

“Chance favors the prepared mind.”

- Louis Pasture

Programmes Offered

- BCA
- BCA (H)
- BCA +MCA (Integrated)
- MCA
- Ph. D. (Computer Application)
- PGDCA

Uniqueness

- To programme and coordinate the overall performance, a certain number of students are assigned to a Faculty member who is called their Faculty Advisor/Mentor.
- Provision of registration in contact courses for grade improvement.
- Grade system used for results to minimize the stress level of the students.
- Elective courses that bridges the gap between industry requirements and academia.
- Projects based on elective courses so as to develop expertise in one specific area.
- Communication skills orientation and personality development programmes are incorporated in the scheme of examination to make that course compulsory.
- Hands on experience in most of the courses of computer applications so as to impart practical knowledge in the relevant field.
- Research based dissertation in final semester to expose the students to recent developments in their field of interest under the guidance of competent faculty members. Also guide students in planning their courses of study and for getting general advice on academic

MoUs

- FPTU, Vietnam for student & faculty exchange.
- DOC System
- One Planet Research Oracle (for Oracle Certification)
- CISCO for CCNA
- HPES for RDBMS, Linux, SCJP, MCSD, MCSE and software testing
- DreamUny
- TPC Global

Career options & Placement Opportunities

The courses offered in the school are aimed at preparing students for a career in any of the main areas of computer science/applications where they can put to practice the knowledge acquired during the study. Our students have been placed in companies like TCS, Mphasis (EDS), Hexaware, Infosys, Torry Harris, Persistent, Accenture, Libsys, Amdale, HCL, Unilogic, Applabs, Zensar, Syntel, and Shriram Value Services Pvt. Ltd., Wipro, Satyam, IBM, Mahindra. Students can also apply in various government and private sectors for getting chance of placement like Banking sectors, civil services etc. Seven BCA (Hons) VI semester students were selected by WIPRO Technologies Pvt. Ltd. in 2014 campus placement drive. Company is also providing them 4 years MS Degree from BITS Pilani & VIT Vellore.

Resources

- Well-equipped labs & multimedia classrooms.
- Every classroom & lab having LCD Projector.
- All classrooms are breezy and nature friendly.
- Licensed Softwares.
- Campus agreement with Microsoft Corporation for use of all its softwares.
- High Server Configuration.
- 40 MBPS lease line internet connection capacity available in Labs.
- Having enough power backup facility upto 100 KVA.

Co-curricular & Extracurricular

- Two days workshop on “Android Applications Development” on 15th -16th March, 2013 in association with CSI student chapter ITM Universe, Gwalior(M.P)
- Two days workshop on “MATLAB Basics using Image Processing & Neural Network Tools” on 20th -21st May, 2013 in association with CSI student chapter ITM Universe, Gwalior (M.P)
- Two days workshop on “Web Designing with HTML” on 12th -13th July, 2013 in association with DUCAT, Noida (U.P)
- One day seminar on “Window Apps Development and Introduction of Window Azure” on 10th Sept, 2013 in association with CSI student chapter ITM Universe, Gwalior (M.P) and Microsoft Student Partner.
- Two days workshop on “Cyber Security & Ethical hacking” on 20th-21st Feb. 2014 in association with CSI student chapter, ITM-University, Gwalior (M.P)
- Guest lecture was conducted on Informatica on 10th March 2014 in association with CSI-Student Chapter, ITM University Gwalior (M.P)

Research Areas

- Image & Video Processing
- Data & Web Mining
- Network Security
- Cloud computing

PHARMACY

The School of Pharmacy, a premier School of ITM University, Gwalior (MP), was established in 2012 offering quality education and research in Pharmaceutical Science. School of Pharmacy is committed to provide an accredited pharmacy degree that incorporates the best professional experience and learning environment with the highest standards of academic excellence, promoting high levels of student achievement.

The School of Pharmacy is currently offering Bachelor degree course in Pharmacy (B. Pharm.) Very soon the school shall be offering a two year Diploma in Pharmacy course and by 2018 Master of Pharmacy with specialization in Pharmaceutics will be initially offered. This would be immediately followed by a Doctorate by research programme. The school has a carefully designed, regularly updated curriculum with industrial orientation which emphasizes on cutting edge technologies in pharmaceutical field and their industrial applications. The school has well qualified faculties with strong motivation for Research and Development.

"It is surmounting difficulties that makes heroes."

- Louis Pasteur

Programme Offered

- B. Pharm.
- D. Pharm.
- M. Pharm.
- Ph.D. Pharmaceutics

Uniqueness

- Carefully designed, regularly updated curriculum with industrial orientation which emphasizes on current trends and technologies in pharmaceutical field and their industrial applications
- Well qualified and motivated faculty with strong inclination for research and development.
- Central library with more 13000 books (National and International), e-library, journals and e-journals.
- Well Equipped laboratories
- Central instrumentation facility with sophisticated instruments like FTIR, HPLC, UV-Vis spectrophotometer, Fluorescent spectrophotometer
- Medicinal Plant Garden with more than 100 medicinal plants
- Machine room equipped with industry grade Machines like rotary tablet press, ointment filling / sealing machine, Liquid filling / sealing machines, Ampoule sealing machine, Emulsifier, Homogenizer, Microcentrifuge, Electrolab's six chamber dissolution tester, Sieve shaker, Hardness tester, Disintegration tester, Friability tester, Projection microscope, CPCSEA approved animal house facility.
- Project based learning
- Workshops as part of curriculum

Concept of Activity Based Learning

We are in the process of changing the pedagogy of Pharmacy Education in our school by introducing new ideas of teaching of completely incorporating theoretical knowledge into practical skills. Students will be evaluated continuously by the concerned faculty- not on the basis of marks but on individual assessment- on efforts and dedication delivered by each individual student, and strongly linking these assessments in their Semester Grades and Skill certification.

Augmentation opportunities available in the department

- MOUs with:** School of Pharmacy is planning to collaborate with IPER, Pune, ICBio, Chandigarh, and other national and international organizations for dual degree / certification courses.
- An MoU** for technical training has been signed between DreamUny & TPC Global.
- Trainings Offered • Technical:** As per PCI norms, students get minimum 1 month industrial training prior of completion of B. Pharm Course. School of Pharmacy is planning to collaborate with different pharmaceutical industries for visit / training / placements. • **Soft Skills:** School of Pharmacy provides overall personality / skill development programmes for student.
- MoU** with two prominent pharmaceutical industries of Gwalior for pharmacological and analytical works.

- Agreements** with prominent pharmaceutical companies in Himachal Pradesh for direct placement of bright students in manufacturing and Analytical sector.

Career options & Placement Opportunities

Pharmacy is a versatile, dynamic, growing and increasingly diverse profession, which has created many job opportunities in the following areas:

Jobs in Pharmacy Colleges

B.Pharm graduates are eligible to teach D.Pharm students either in private college or Govt. polytechnic colleges.

Jobs in Pharmaceutical Industry

Industries: B.Pharm graduate with good knowledge can rule any of the following areas:

- Formulation R & D • Analytical R & D • Bulk R & D
- Production • Production Management • Quality Control
- Quality Assurance • Intellectual Property Rights and Regulatory Affairs • Sales and Marketing • Packaging development • Clinical Research • Contract Research Organization • Product Management • Bio-Informatics • Medical Transcription • Consultancy • Pharmacovigilance
- Business development

Also in the industries related to Biologicals, Cosmetics, Ayurvedics, Unani medicines, Veterinary medicines, Nutraceuticals, Surgical etc.

Government Jobs for B.Pharmacy Graduates

Govt. sector: 1. Drug inspector 2. Assistant chemical examiners in prohibition and excise subordinate service 3. Govt. Analyst or Drug analyst (in state govt. or central govt.)

Jobs in Pharmacies

Pharmacy practice: A B.Pharm graduate can practice the profession of pharmacy in Pharmacies (Medical shops), in hospitals or privately.

Major Recruiters

Cipla Pharmaceuticals • Cadila • Dr.Reddy's Laboratories • Ranbaxy • Aventis Pharma • Glenmark • Novartis • Pfizer • Glaxo SmithKline • Johnson & Johnson • Lupin • Teva API

Research Areas

Novel Drug Delivery System- including Nanoparticulate carriers, Liposomal and Niosomal carriers, Targeted delivery systems, Herbal drug in search for a potent molecule for anticancer, antidiabetic, cognitive enhancers, Drug Discovery, Computational Chemistry, Natural Polymers, Excipient Research, Hydrogel Technology, Pharmaceutical Biotechnology, Nanotechnology.

Resources

- Well equipped laboratories and Computer Lab. • Central library with more 13000 books, journals and e-journals
- Central instrumentation facility with sophisticated instruments like FTIR, HPLC, UV-Vis spectrophotometer, Fluorescent spectrophotometer. Rotary tablet press, 8 station dissolution tester, Electrolab disintegration tester, hardness tester, sieve shaker, tap density tester, friability tester, well established tissue culture lab, CPCSEA approved animal house facility for conducting animal experimentation.

NURSING SCIENCE

Institute of Nursing Science Studies and Research (INSSR) is one of the oldest colleges which was started in the year 2002. However INSSR has been affiliated under the umbrella of ITM University Gwalior in the year 2011. The institute is approved by the Government of Madhya Pradesh and received accreditation from the Indian Nursing Council and State Nursing Council.

The INSSR endeavors to achieve the noble aim of nursing education through the stated objectives which are being implemented during the training of the future nurses, imparting the knowledge of the basic principles of the techniques and methods used in nursing practice, making the students to understand the intricacies of nursing care, developing skills and necessary aptitudes for planning and implementing comprehensive nursing care.

“Education is the key to unlock the golden door of freedom.”

- George Washington

Programme Offered

- GNM
- B.Sc. (Nursing)
- Post Basic B.Sc. (Nursing)
- M.Sc. (Nursing)
- Ph.D

Uniqueness

- The programme uses wide range of critical thinking skill in making decision while providing quality client care.
- The School offers latest trends and technology in providing health care
- The school conducts Need Based Research studies in various settings to improve quality of care
- The school of Nursing provides Promotive, Preventive and Restorative health services in line with the National Health Policies and programmes.
- The programme incorporates wide range of interactive and innovative teaching methodologies in classroom settings to uphold the Institutional Standard.
- The School provides room for students to exhibit their Leadership qualities and functions effectively as Nurse Educators and managers.
- The Institute offers semester education system for B.Sc. Nursing.
- Completion of the courses within stipulated time.
- The institution has 35 bedded Health Centre for the students and community people.
- The Institute of Nursing Science Studies and Research (INSSR) is greatly privilege to have a foundation laying ceremony of multi-specialty hospital of 120 bedded capacities as its leading pillars and shall be operational by 2018.

MoUs

- Mental hospital, Gwalior
- Maheshwari hospital
- Ramakrishna mission hospital, Mathura
- KDJ hospital, Gwalior
- Grover Hospital, Morar, Gwalior
- CHC, Dabra
- Dist. Hospital, Morena
- PHC, Thatipur, Gwalior
- PHC, Antari, Gwalior
- Snehalaya, Rehabilitation centre, Gwalior

Career options & Placement Opportunities

Clinical Areas:

Independent nurses practice • Certified Nurse Midwife • Certified Paediatric Nurse • Acute Care Nurse Practitioner • Advanced Nurse Practitioner • Nurse Administrator • Nurse Anesthetist • Nurse practitioner • Staff Nurse • Entrepreneur • Military Nursing • Nursing Informatics • Nurse Researcher • Cardiac Rehabilitation Nurse • Occupational Health Nurse • Aerospace Nurse • Forensic Nurse • Nurse Epidemiologist • Tele Nurse • School Health Nurse • Nurse Advocate

Education

Clinical Nurse educator • Staff development officer • Classroom and Clinical teacher • Nurse Researcher • Nurse Educator • Nurse Director • Nurse Editor • Nurse Counsellor • Nurse Manager

Major Recruiters

The passed out students are placed in different well-known national and international health industries which include hospitals, schools and colleges in different posts.

National

Apollo hospital • Escort hospital • Fortis hospital • SAIMS hospital, Indore. • Birla hospital, Pune • Wockhart hospital • Reliance Paediatric hospital, Mumbai • Max super-specialty hospital, New Delhi • Sanjay Gandhi Post Graduate Institute, Lucknow, Medanta Hospital, Gurgaon.

International

Australia • UK-London. • Middle east countries • USA

Resources

Fully equipped different laboratories of nutrition, fundamental of Nursing. MCH, Science, Community health Nursing are available.

- Laboratories
- Nursing Foundation Lab
- Anatomy Lab
- Maternal & Child Health Lab
- Community Health Nursing lab
- Nutrition Lab
- Computer lab

Research Areas

Faculty members are working in the following research areas:

- Chinese yoga on patient of diabetes mellitus
- Perimenopausal syndrome among school teachers
- Oral health hazard among village people
- Planned teaching programme for adolescent crisis
- Pain management among cancer patients.
- PTP for breast feeding
- Exploratory Research to Identify Risk factors of CAD among students
- Structured teaching programme on Breast self Examination on female students
- Internet addiction among College Students

ARCHITECTURE

The School commenced in 2012 with 26 students. With over 200 students now, the SoA has full-fledged infrastructure with studios, Art & Model room, Climatology lab, Computer room, lecture rooms & seminar hall in the LDV block besides the sports and other facilities within the University campus. The SoA has got outstanding support from practising Architects and academicians.

School of Architecture & Design was established in year 2012 with the approval of Council of Architecture, New Delhi under the Architect's Act 1972. In keeping with the University vision, the School of Architecture & Design aims

- to emerge as a knowledge sharing hub in the region in the field of architecture and allied fields
- to provide the students a sound foundation to explore wide avenues in the field of architecture, built environment and design

How far you go in life depends on your being tender with the young, compassionate with the aged, sympathetic with the striving and tolerant of the weak and strong. Because someday in your life you will have been all of these.

- George Washington

The school lays emphasis on providing exposure to the students by designing study tours, site visits, guest lectures and workshops as part of its academic programs. The studio-based interaction is the mainstay of the course. The SoA actively supports student activities such as NASA conventions and student competitions.

Programme Offered

• B.Arch. (Bachelor of Architecture)

It is a five year undergraduate degree with the course content completed in 10 semesters including professional training.

Eligibility: 10+2 (with Maths) minimum 50% aggregate marks +valid NATA score

Uniqueness

- A state of art campus surrounded by lush green landscape, sculptures and contemporary buildings to accommodate the School of Architecture and Design.
- Different streams are located in the same campus to facilitate the sharing of intellectual resource. The campus plays host to high profile public events, including a wealth of exhibitions, lectures, symposia, seminars, conversations, research clusters and visits.
- Students coming from all over India establish a broad exposure to architectural thought across cultural traditions.
- A historic and cultural city like Gwalior in backdrop and proximity to Delhi gives the environment to pursue studies in rural and urban environment

MoUs

• Autodesk • CETPA • One Planet Research • TPC Global

Career options & Placement Opportunities

- With advance skill in field of Architecture the students are ready for handling construction projects, urban design, town planning, landscape architecture, conservation architecture, transport planning etc. with avenues in corporate and mid level design consultancy firms in addition to own practice
- Graduates of the school will have ample opportunity of placement in several government departments like - town planning organizations, Airport authority of India, MRTS, and in academic career.

Infrastructural Resources

- Studios
- Lecture theater / Seminar hall
- Audio-visual room
- Model making room
- Material museum
- Art and 3D room
- Survey lab
- Architectural workshop
- Computer lab
- Students activity room
- Girls common room

- Library • Climatology room • Stationery shop

Augmentation Opportunities available in the department

The B.Arch program has a semester of professional training in an architect's office as designed in its scheme. Apart from that, school will facilitate training avenues for students with practicing architects' offices in India and abroad during vacations. Our School is training students with the advanced software used by architects in contemporary time to compete within industry.

Students' Achievements

- Students win overall 1st prize in Zonal NASA at Jaipur
- Student participation in 57th, 58th & 59th NASA at Chennai, Surat & Jaipur.
- Participation in Art Meet 2014, 2015 at ITM University

Students' Activities

- Foundation day celebrations annual event.
- Design Fest
- Delhi Chandigarh study tour 2016,2017.
- Rajasthan study tour 2016
- Bhopal study tour 2016
- Auroville & Mahabalipuram study tour 2015
- Agra Mathura study tour 2014
- Gujarat study tour 2012

Research Areas

- Environment and Ecology,
- Urban & Rural Planning,
- Urban design & Conservation Management,
- Human Settlements

SCIENCES

LIFE SCIENCES AND PHYSICAL SCIENCES

The School of Sciences focus on imparting good quality theoretical and practical education in four science disciplines, namely, Life Sciences, Mathematics, Physics, Chemistry and Environmental Science. The main emphasis of School is to offer courses and training that is relevant to current challenges and issues in science and appropriate for today's employment needs. School offers a range of innovative and contemporary undergraduate and postgraduate courses. Courses are designed to give students a solid background in sciences and an integrated scientific perspective.

Research activities of the school are carried out in association with various interdisciplinary laboratories that ranges from basic sciences to more specialized fields of study and investigation.

Programme Offered

- B.Sc. (Hons.) Biotechnology
- B.Sc. (Hons.) Food Technology
- M.Sc. Biotechnology
- M.Sc. Microbiology
- M.Sc. Food Technology
- Bachelors in optometry (B. Optometry)
- Ph.D. in Biotechnology, Microbiology

Collaborations

Collaborations for research and training with renowned organizations like DRDE Gwalior, CIAE Bhopal (Central Institute of Agricultural Engineering), IGIB, New Delhi, DRDO, IARI, NDRI, IGFRI, NRCAF, BARC, CIMAP, Cadbury, Pepsico, Claris pharma, Novartis, Dabur, Morepan, and Ranbaxy etc.

Career options and placement opportunities

Biotech, Pharma companies and various Research Institutes like: TUV Sud South Asia Pvt. Ltd., Gebbs health care Mumbai, Macleods Pharmaceutical Company Sikkim WIPRO-VISTA, Panacea biotech SRF, Coca-Cola, Parle, Britannia, Reliance Life Sciences, Nestle, Advance Enzymes, XL Health, Zydus, Novartis, Medicaps Pharma, Span Diagnostics Surat, Omgene Biosciences Surat, Glenmark-Goa, Brindavan Beverages-Bareilly, SABMiller, J.B. Mangharam-Gwalior, BGB Biofertilizer Punjab, Amrita Herbals, Premier Biosoft-Indore etc.

Institutes of repute Students indigo project training in PG end Sem. In natural CIMAD, ITRC, CDRI Lucknow NCL Pune, IGIB-New Delhi, DRDE Gwalior, IARI-New Delhi, NDRI-Karnal, IGFRI, NRCAF-Jhansi, BARC-Mumbai, CCMB Hyderabad, CIAE-Bhopal, IIPR Kanpur etc

Laboratory Facility

The Department of Life Sciences has well equipped laboratories for Biotechnology, Microbiology, Food Technology & Environmental Sciences with advanced central instrumentation facility.

- PG lab for Food Technology
- PG lab for Microbiology
- PG lab for Biotechnology
- UG lab for Biotechnology
- UG lab for Botany/Zoology

Equipment

- UV-Vis spectrophotometer
- Cooling Centrifuge
- Electrophoresis assembly (Horizontal & Vertical)
- Orbital shaker
- Transilluminator
- Laminar air flow
- Deep freezer (-20o C)
- DNA Thermo cycler (PCR)
- BOD incubator
- ELISA Reader
- Trinocular Photography research microscope

Equipments of CIF (Central Instrumentation facility)

- Fourier Transform Infrared spectro photometer (FTIR).
- Fluorescence spectro photometer.
- High performance liquid chromatographic (HPLC)
- UV visible Spectro photometer.

Research Areas

The Department of Life Sciences is undertaking research in frontier areas:

- **Biotechnology:** Phytoremediation, Genome profiling, Abiotic stress, Biofuels, Alcohol production from fruit peels, Bioinformatics.
- **Microbiology:** Characterization of bioactive component from actinomycetes and its antimicrobial spectrum, Herbal Health Care, Bacterial degradation of petroleum contaminated soil.
- **Environment Science:** Occupational health and environmental Monitoring

P.C. Ray Centre for Research

To spearhead outstanding and quality research, ITM University has established P.C. Ray center for research. The P.C. Ray Centre has been established with following objectives.

- To Undertake state of art research in various disciplines in Science & Technology, develop synergies between various disciplines and emerge as international hub for research, development, consultancy and extension activities in science & technology

LIFE SCIENCES

- To Interact with industries, research laboratories, and develop international collaboration to generate new vistas of knowledge.

Animal House facility

The department has developed an animal house facility and constituted an Institutional Animal Ethical Committee (IAEC) with due approval from CPCSEA.

Research Projects

The Department of Life Sciences has research projects from different funding agencies.

- Madhya Pradesh Council of Science & Technology (MPCST), Bhopal.
- Bhopal and Department of Science & Technology (DST), New Delhi.

Co-curricular Activities

- International conference “Technology Innovation and Management for Sustainable Development” (TIMS) is being organized annually.
- Symposiums/Seminars, Workshops in relevant areas
- Millennium Lecture series

Students Achievements

After award of degree, the students qualify various eligibility examinations like National Eligibility Test (NET) conducted

by CSIR (Council of Scientific & Industrial Research), ICAR (Indian Council for Agricultural Research so as to be eligible for lecturership in research.

Uniqueness

- Curriculum offers opportunity to acquire a deep conceptual understanding of the subjects.
- Project Based Learning (PBL) allows students to perform under due guidance of faculty on various fields like plant tissue culture, Bioinformatics, herbal formulations etc.
- Bringing theoretical knowledge of classrooms with practical skills development through workshops, training, project work etc.
- With emphasis on cutting edges technology and their practical and industrial applications.
- Teaching & learning process provides equal opportunity to slow learners to plan, access and improve their academic theoretical and practical skills.
- Highly educated faculty with strong alignment for research and development.
- Continuous augmentation and training for the development of soft skills of the students.
- Well equipped laboratories with advanced central instrumentation facility.

Physical Sciences

The School of Physical Sciences offer various degree and certificate courses. The library has an excellent collection of books, journals and reference materials. Students from Graduate to Ph.D level can access the library. The faculty members are available as academic advisers to discuss academic problems, career opportunities and even philosophy.

PHYSICAL SCIENCES

Department of Chemistry

The Department of Chemistry offers postgraduate programs, which are sufficiently flexible in its electives to provide excellent preparation for careers in many different areas of chemistry. Course is designed to provide an education based on science both for those who intend to pursue research and for those who intend immediately to pursue a professional career in either chemistry or an allied field in which a sound knowledge of chemistry is important.

The Department's program of teaching and research is remarkable for its breadth, spanning areas such as biological chemistry, inorganic chemistry, organic chemistry, and physical chemistry.

The Department of Chemistry provides an opportunity to the students to obtain fundamental knowledge of chemistry. There are lecture courses in the basic areas of organic, inorganic and physical chemistry, including specialized courses of petroleum technology, polymer technology, industrial chemistry, petrochemicals etc. Laboratories are well equipped with facilities for inorganic and organic synthesis, physical & chemical measurements, spectroscopic and chemical analysis.

Programs offered

- M.Sc. Petroleum Technology
- M.Sc. Chemistry
- Ph.D. Chemistry (Eligibility: As per UGC norms)

Resources

The Department is well-equipped with a wide range of sophisticated equipments such as Infra-red (IR), UV/Visible spectrophotometer along with other major instruments such as polarimeter, flame photometer, Pinsky-Martin apparatus, gas chromatography, calorimeter, aniline point apparatus, Redwood viscometer etc. The School has ample computing facilities consisting of a large number of workstation for research and studies. The internet facility provided by the University is effectively utilized by the students for scientific correspondence. The exposed faculties are also available for supervising M.Sc. and Ph.D. project works. Access to important journals is available online and offline.

Carrier opportunities

The majority of students may engage in education, research & development and, will have wide variety of career options in industries like:

- Petroleum industries
- Pharmaceuticals
- Chemicals • Fertilizers
- Color and paint industries
- Dye industries • Paper industries
- Manufacturing food companies
- Electrical equipment
- Metal extraction and many more

Research Areas

The research area covers a broad range of multidisciplinary field of current global interests. A brief highlight is given below:

- Organometallic chemistry
- Organic and inorganic synthetic chemistry
- Surface chemistry
- Supramolecular chemistry
- Environmental chemistry
- Material chemistry
- Waste water analysis and treatment

Presently, a number of research projects are running in the Department, which is funded by various agencies of Ministry of Human Resource & Development of India.

Department of Mathematics

Mathematics is an essential tool for nearly all scientific studies. Scientists use it in designing experiments, analyzing data, expressing precisely their findings by mathematical formulas, and making predictions on the basis of these findings. Such physical sciences as astronomy, chemistry, and physics rely heavily on mathematics. Social sciences, economics, psychology, and sociology also depend greatly on statistics and several other branches of mathematics. Economists (notably econometricians) use computers to create mathematical models (or econometric models) of the economic systems. The Department of Mathematics cover a broad spectrum of fields ranging from the traditional areas of pure Mathematics to Applied Mathematics.

Physical Sciences offer two undergraduate degrees: a Bachelor of Science in Physics, Chemistry and Mathematics and a Bachelor of Science in Physics, Mathematics with Computer Science. Students receive instruction of the mathematics supplemented by a strong foundation in Chemistry, Physics, and the Humanities. The Mathematics with Computer Science degree is offered for students who want to pursue mathematics and theoretical computer science within a single undergraduate program.

“Do not follow where the path may lead. Go instead where there is no path and leave a trail.”

- Harold R. Mcalindon

Programmes offered

- B.Sc. (PCM)/ B. Sc. (CS)
- M.Sc. (Mathematics)
- Ph.D. (Mathematics)

Certificate Course Offered

Elementary Number Theory

Skills and Qualities

Mathematicians use mathematical theory, computational techniques, algorithms and the latest computer technology to solve economic, environmental, scientific, engineering, physics, and business problems. Professionals are often a part of an interdisciplinary team that may include economists, engineers, computer scientists, physicists and technicians.

Carrier opportunities

The degree in mathematics provide an excellent basis for graduate work in mathematics or computer science, or for employment in fields like finance, business, or consulting, operations research analysts, mathematician, chartered accountant, software engineers, banking, teachers, computer systems analysts.

Research Areas

- Elasticity- (i) Elasticity problem using complex method (ii) Fracture Mechanics
- Fluid Mechanics
- Operational Research
- Non- linear singular boundary value problem
- Special Functions
- Biomathematics
- Fuzzy Set and Systems
- Fixed Point Theory
- Multi criteria Decision Making Problems

Department of Physics

The foundation of physics rests upon key concepts and theories which explains and/or models a particular aspect of the behavior of nature. The Department of Physics is dedicated to develop the intellect for understanding the fundamental concepts and principles of physics through the lectures, tutorials, discussions and seminars.

Programmes offered

- M.Sc. Physics with specialization in:
 - Nano Science
 - Material Science
 - Nuclear Physics
- Ph.D. (Physics)

Infrastructural Resources

Instruments/Experimental setup for synthesis of nanomaterials available in research lab are:

- CBD system
- CVD System
- Spin coater
- Microwave
- Sol Gel etc

Research Areas

Experimental Physics:

- Nano Science and Technology
- IR detectors
- Solar Photovoltaics
- Thin/Thick Film Technology
- Nano Sensors
- Magnetic Nano structures
- Synthesis of semi conductor nano structures
- Nano composites
- Opto electronic devices and metal oxide sensors

Theoretical Physics:

- Nuclear Physics
- Study of Physical system of low dimensionality (nano scale)
- Computational Nano science/lab initio studies

Collaborations

The department has collaboration with School of Material Science, Manchester University UK and UGCDAE Consortium for Scientific Research, Indore for characterization of the samples.

Carrier opportunities

- Scientist in Research Organizations like DRDO, BARC, ISRO etc.
- IT field like Infosys, Wipro, TCS.
- Automobile Industry.
- Electronics/semiconductor industry
- Aerospace industries
- Biotechnology /Forensics
- Environmental monitoring, control, and remediation
- University teaching and lab research

AGRICULTURE

Agriculture is the main source of livelihood for over 80% of the rural people in India. Although it employs about 52% of the labour force, it contributes to only 14.5 % of GDP and 10.23% of total exports. Rural women, who constitute 55% of the agricultural work force, are amongst the least paid workers. Any effort of poverty reduction and economic development must address the problem being faced by the agricultural sector and turn the challenges into economic opportunities for the poor.

Agriculture has important role in driving national economy as 60% population is still dependent on Agriculture as it provides raw materials to many industries. With the opening of world economy, our farmers have to be globally competitive in terms of quality and cost of agricultural produce.

“The ultimate measure of a man is not where he stands in moments of comfort, but where he stands at times of challenge and controversy.”

- Martin Luther King, Jr.

Programmes Offered

- B.Sc. (Ag) / B.Sc. (Ag) Honours
- M.Sc. (Ag) Agronomy
- M.Sc. (Ag) Horticulture
- MBA – Agribusiness
- Ph.D

These programmes involve a very rigorous academic and skill oriented practical knowledge transfer, along with opening a window with agriculture know- how through various courses planned with different agro- ecological situations and regional variation. Major thrust is given to include the course curriculum and syllabus as per IV Deans' Committee Recommendation of Indian Council of Agricultural Research (ICAR), New Delhi.

The courses of personality development and professional capabilities are also imbibed in the curriculum to make the student well versed in techniques of presenting their knowledge and skill in efficient manner to deal with the concerns of sustainable development of agriculture in all the aspects.

Uniqueness

India achieved spectacular agricultural growth since 1966, after advent of the Green Revolution. The increase in food grain production from a meager 51 million tonnes in 1950 to about 274.47 million tones 1st advance estimate in 2016-2017 is remarkable achievement unparalleled in the history of world agriculture. Similar enhancement in production of milk, fish, oilseeds and fruit & vegetables has also been observed. White, Blue, Yellow and Golden Revolution respectively have been responsible for bringing prosperity in the farming community. The cradle of this success beside government policies and high receptivity of the farming community has been the establishment of institutions of higher agriculture education. These institutions developed new breed of skilled human resources who were instrumental in not only generating new technologies but also in their assessment, refinement and dissemination to the farming community.

The School of Agriculture of ITM University Gwalior was started during the year 2013, looking to the ample scope of agricultural development in Madhya Pradesh. Initially graduation (B.Sc. (Ag.) / B.Sc. (Ag.) Hons.), Postgraduation (M.Sc. (Ag.) in Agronomy and Horticulture) and Ph.D. courses were started with total intake of 231 students in B.Sc. (Ag.) / B.Sc. (Ag.) Hons. and 27 students in Agronomy and 12 Students in Horticulture. At present the total strength of School of Agriculture is 844.

Career & Placement opportunities

There are tremendous career opportunities in Agricultural services at national level through Agricultural Scientist Recruitment Board (ASRB). Provincial Agricultural Services (PAS) through State Public Service Commission as District Agriculture Officer (DAO), Soil Conservation Officer (SCO), District Horticulture Officer (DHO), Plant Protection Officer (PPO), Extension Officer and other subordinate services. Besides, there is an ample scope in this field of Agriculture especially - Fertilizer, Agro-chemical, Biopesticide, Post Harvest Technology, Rural industries and Research & Development and Banking Sectors. There is also an urgent need of agriculture graduate as entrepreneur in village based services such as diagnostic laboratories, Advisors on new

School of Agriculture is globally awarded for its Architecture

innovation, markets and development officer in corporate and contract farming.

- **Technical competence Acquired:** School of Agriculture has experienced faculty in the field of Agricultural and Allied sciences. The field of expertise of the faculty is in the Soil science, Agronomy, Horticulture, Genetic Plant Breeding, Plant Protection, Agricultural Economics, Agricultural Extension and Basic Sciences etc. The school is trying at her level best to develop the skill oriented sets of teaching, research and extension as per specific need of the students and farming community of the M.P. Since the School of Agriculture is initiated to act at very early stage the development of teaching, research and extension is at embryonic stage.
- **Augmented Opportunities available in the department:** MOU'S with Indian Grassland and Fodder Research Institute, Regional Potato Research Station, Gwalior, National Research Central for Agro- forestry, Jhansi and Central Institute of Sub-tropical Horticulture are under process.
- **Training offered:** For the entrepreneurship development of Rural Youth in Seed Production Technology and Nursery Raising and Management of Horticulture Crops are already in progress.

Research Area

Research areas are proposed in the field of Agronomy and Horticulture with special reference to varietal development, package and practices, Integrated Nutrient Management, Integrated Pest Management and Integrated Weed Management.

Resources of the department

Experienced Faculty in the field of Soil Science, Agronomy, Plant Pathology, Entomology, Horticulture, Genetics and Plant Breeding, Agricultural Economics, Agricultural Extension, Agricultural Biochemistry, Plant Physiology and other Basic Sciences are already available with the School of Agriculture.

Infrastructural resources

School of Agriculture is situated at present in Sithouli Campus, however, the building of School of Agriculture is to be constructed at Turari Campus along with basic amenities such as 50 hectare Instructional Farm, Laboratory, facilities for Library, Sports and Recreation for all-round personality development of the students.

ART & DESIGN

FASHION, INTERIOR

The aim of our design courses is more than professional mastery. Our students explore the creative aspects of design with a balance of technological and theoretical approaches, using the latest equipment and technology. All our faculty is practising professionals and highly competent in their field who either have their own labels, work in their own businesses or with leading designers as well as being experienced faculty.

Students are taught by faculty who are at the top of their profession enabling you to gain inside information and contacts within the design industry. Fee is kept to an affordable level and courses are planned to assist you to progress from one stage to another so that you can go at your own pace and achieve success amidst stiff competition in the fashion & design industry.

"We are what we repeatedly do. Excellence, therefore, is not an act but a habit."

- Aristotle

Programmes Offered

- B. Sc. Fashion Design
- B. Sc. Interior Design
- Diploma Fashion Design
- Diploma Interior Design

Uniqueness

The school utilizes a semester based academic calendar. It focuses on art and design education, also it has strengthened the program with an increased relevance to design industry and with a mission to create a global identity in design. The School of Art and Design offers a truly unique career oriented and reality based design program taught by industry professionals. The program teaches students how to develop their own unique vision

MoUs

Fashion: DreamUny • TPC Global

Interior: Autodesk • TPC Global

Unique Structure of course and Skills

1. **Studio** - Studies, practice, and experiences in studio subjects are of prime importance in the preparation of students for professional careers in art and design. The excellence of the creative work produced by students is the best determinant of the adequacy of the studio studies offered by an institution. Creative work includes, but is not limited to conceptualization, process, product, and critique. Irrespective of major or specialization, students:
 - Gain functional competence with principles of visual organization, including the ability to work with visual elements in two and three dimensions; color theory and its applications and drawing.
 - Present work that demonstrates perceptual acuity, conceptual understanding, and technical facility at a professional entry level in their chosen field(s).
 - Become familiar with the historical achievements, current major issues, processes, and directions of their field(s).
 - Be afforded opportunities to exhibit their work and to experience and participate in critiques and discussions of their work and the work of others.

Studio work normally begins at the freshman level and extends with progressively greater intensity throughout the B. Sc. degree program.

2. **Art/Design History, Theory, and Criticism.** Through comprehensive courses in the history of art/design, students:
 - Learn to analyze works of art/design perceptively and to evaluate them critically.
 - Develop an understanding of the common elements and vocabulary of art/design and of the interaction of these elements, and be able to employ this knowledge in analysis.

Winner Team of 'Ritambhara' National Level Fashion show at IIT Kanpur

FASHION, INTERIOR

- Acquire the ability to place works of art/design in historical, cultural, and stylistic contexts. In certain areas of specialization, it is advisable to require that students study the historical development of works within the specialization. Normally, studies in art and design history and analysis occupy at least 10% of the total curriculum.
- 3. Technology. Students must acquire a working knowledge of technologies and equipment applicable to their area(s) of specialization.
- 4. Synthesis. While synthesis is a lifetime process, by the end of undergraduate studies students are able to work independently on a variety of art and/or design problems by combining, as appropriate to the issue, their capabilities in studio, analysis, history, and technology.

Augmentation Opportunities Available in the department

Trainings Offered

Technical- workshops, material and tools handling, CAD.

Soft Skills- 1. Foreign Language, English, Soft Skills, Manners & Etiquette

Seminars, development of models and methods

- Work on the development of theoretical models and an educational method was done during the whole projects.
- Seminars Suggestion and results from the project were presented and discussed at the regular design workshop at our school continuously during the project,

Workshop on interaction design aesthetics

- Workshop on design teaching-as a part of project work we organize workshops on design teaching in discussing general issues in design teaching. Workshops on design teaching are not that common and we feel that the projects give us opportunity to open up for a new type of discussion and cooperation between design schools with fashion and interior on their program.

Career Options

Fashion design- As far as opportunities are concerned, the graduates have many options to select their field according

to their area of interest and capability. After completing their course, they can get placement in some reputed apparel manufacturing industries as a Merchandiser, Fashion Journalist, Fashion Designer, Fashion Co-ordinator, Sampling Coordinator, Design Co-ordinator, Head Designer in Export House, Fashion Consultant, Illustrator, Faculty in Fashion design Institute, Entrepreneur of Garment Business, Fashion Choreographer, Fashion Stylist, Freelance Designer, and Project Designer in Govt. Organization.

Interior design- Interior Designer, Furniture Designer, Exhibition Designer, Project Consultant, Landscape Designer, Display Artist, Design Consultant, Faculty in Interior Design Institutes, Commercial Complex Designer, Set Designer, Home Furnishing Designer, Tourist Resort Designer and other various opportunities are there as per professional skills of the students.

Opportunities

Students engaged in professional undergraduate degrees in art/design get opportunities to:

- Internship - Fashion Design in Indira Export Indore and in Interior Design Local Interior Designers and Architects.
- Gain a basic understanding of the nature of professional work in their major field. Examples are: organizational structures and working patterns; artistic, intellectual, economic, technological, and political contexts; and development potential.
- Develop teaching skills, particularly as related to their major area of study.
- Explore areas of individual interest related to art/design in general or to the major. Among the many possible examples are aesthetics, theory, specialized topics in art/design history, analysis, and technology.
- Practice synthesis of a broad range of art/design knowledge and skills, particularly through learning activities that involves a minimum of faculty guidance, with emphasis on evaluation at completion.

"Try not to become a man of success but a man of value."

- Einstein

PHYSICAL EDUCATION

Physical education is a unique discipline which is included in school/ college curriculum as it is the only program that provides students various opportunities to learn multiple skills like Motor Skills, Fitness Skills and the skills required for gaining understanding of physical activities leading to prominent benefits. The Physical Education & Sports Science is one of the fast emerging academic disciplines in our education stream.

The School of Physical Education and Sports (SOPES) at ITM University is committed to groom its teachers to be well-prepared practitioners in the field of physical education, sport science and sport pedagogy. We provide our trainee teachers with the most contemporary knowledge; inculcate and infuse them with the right attitudes and values. Along with strong professional preparation, the mission of the School is also to excel in research and become the leader in Physical Education and Sports.

“The dreamers of the day are dangerous men, for they may act their dream with open eyes to make it possible.”

- T.E. Lawrence

Programmes Offered

- B.Sc. (Health and Physical Education)
- B.P.Ed. (Bachelors of Physical Education)

Uniqueness

- Yuvraj Singh Center of Excellence (Cricket Academy).
- Sports Scholarship/Free ships/Merit Scholarship.
- International Affairs with various Association and Federations.
- Direct Participation in West Zone and All India Intersports Competitions.
- Job opportunities on campus interview.
- Professional Clubs of various minor and major games and fitness as well.
- Collaboration with various Universities at National and International level.
- SC/ST/OBC admission/scholarship as per M.P. Government Norms.
- Practical knowledge through internship program in the areas of physical education and sports.

Achievements

- University women's hockey team won a silver medal in the West Zone Inter University Tournament.
- Men's University American Football Tournament won the bronze medal in the All India Inter University Tournament.

Career Options

The aim of physical education is to educate students about significance of physical health, mentally strong and professionally competent personality. It is a well established, highly respected degree, which leads to a variety of careers.

The degree emphasizes teamwork and helps individuals, society, and the nation to develop important interpersonal and communication skills, with stress on critical thinking. Various job opportunities are available for sports and physical education professionals. Career opportunities in the area of Physical Education comprise of:

- As Physical Education Teacher in various schools, institutions and universities worldwide
- Coaching and officiating being an integral part of Physical education and sports.
- The B.Sc. degree is an educational qualification as other graduate program in India.
- Sports Management, Sports Mass Communication, Sports Journalism, Spa, Fitness, Sports rehabilitation, Health care and Sports clubbing are the modern tags to work with physical education and sports professionals.
- Physical instructor for children and geriatric fitness.

Resources

- Gymnasium with ultramodern sports facilities as Multi Gym, Squash Court, Billiards Room, Indoor Badminton

Court, Weight Training Hall, Table Tennis Hall, Recreation Hall, Rehabilitation Center

- Cricket Ground with latest equipments and 07 turf wickets
- Football Ground • 400 Meters. Track
- Basketball Courts • Handball Courts
- Volleyball Courts • Kho – Kho Courts
- Kabaddi Courts • Tennis Courts

Research Areas

- Exercise Physiology
- Sports Psychology
- Sports Biomechanics
- Sports Medicine
- Health Education
- Yogic Sciences, Fitness and Wellness
- Sports management

EDUCATION

“A good teacher is like a candle-it consumes itself to light the way for others. Ideal teachers are those who use themselves as bridges over which they invite their students to cross, then having facilitated their crossing, joyfully collapse, encouraging them to create bridges of their own.”

Dr. Radhakrishnan Sarvapalli

School of Education is committed to improve the quality of Teacher's Education and to prepare future competent Teachers to cater the national and professional needs of elementary and secondary education system, enabling them to contribute maximum from their educational experiences.

“The future belongs to those who believe in the beauty of their dreams.”

- E. Roosevelt

Programme Offered

- Bachelor of Education (B.Ed)
- B.Sc.B.Ed. (Integrated Course)

B.Ed. Course is a professional and innovative Teacher Education course. It provides training in methodology along with instruction in various areas. Besides having latest knowledge the teacher trainees become well versed in pedagogy and communication skills. The objectives of the course are

- To make the Trainee Teachers understand how children learn and develop, how they differ in their approaches to learning and create learning opportunities that benefit diverse learners and learning contexts.
- To develop the capacity among Trainee Teachers to use knowledge of effective verbal, non-verbal and media communication techniques to foster active enquiry, collaboration and supportive interaction in the classroom.
- To enable the Trainee Teachers to understand and use formal and informal assessment strategies to evaluate and ensure the continuous intellectual, social, emotional and physical development of the learners.
- To foster in them a desire for lifelong learning.

BSc. BEd. program is planned to train students from the Science stream to teach Mathematics, Physics, Chemistry, Biology and also make them eligible to work in an industrial area related to science.

The Teaching Learning Methodology

Balanced hypothetical and empirical approach facilitates the students with critical skills that help them to become competent and committed educators. Methodologies opted are highly practical oriented and focused on the current need. Besides theory classes, curriculum is designed with academic tours, seminars, Project works and practice teaching in school. Conferences, workshops and co-curricular activities are also regular features of the course. Students are also offered skill-based courses to enhance their teaching skills.

An internship program enables students to develop the competencies they would require for imparting quality education in future. Field Work with Community exposes them to the realities of life that help them to develop the skills they would require while interacting with the community in future.

Infrastructural & Learning Resources

There is a well stocked library with latest books, Journals, Encyclopedias, e-library, Reference manuals and current affairs magazines. Psychology Lab, Science Lab, ICT Lab and Language Labs with latest techniques and instruments. Also the music room is equipped with Indian and Western musical instruments like Dholak, Tabla, Harmonium, tanpura, Bongo, flute, Guitar, Casio etc.

Training and placement cell

To conduct trainings, provide information regarding jobs and assists in placement of students.

HUMANITIES

Our humanness is naturally given, but “Humanity” is acquired by every human being by the processes of cultural and political socialisations. The academic disciplines placed under the rubric of ‘Humanities’ in the university system are the ones which focus systematically on these processes and help an individual to realise her/his human potential.

ITM University Gwalior has been a very proactive & renowned hub of cultural activities in India including fine arts, contemporary (monumental) sculptures, Indian classical music & dance, fusion & rock music, literature, poetry, theatre, films etc.

Our doubts are traitors, and make us lose the good we oft might win, by fearing to attempt.

- William Shakespeare

ITMU has been getting demands from various sections of society to utilise its huge pool of widely recognised & eminent talent of performing artists to train students in fine, creative & performing arts. Among all Indian Universities & Institutions, ITMU is already the largest collector of paintings & sculptures as we regularly organise workshops, symposiums & camps of renowned artists for our own permanent collection.

We are establishing Dept. of Fine Arts & Performing Arts etc. under the larger umbrella of School of Humanities. SOH will also ensure studies & research in History, Politics, Economics, Linguistics, etc. These specialised subjects will be taught in a formatted yet in quite liberal learning environment with a singular focus to germinate creativity and innovations among the students. Diploma, UG & PG level courses are being planned. Workshops of eminent scholars & teachers are in offing to decide curriculum & other schemes of studies, exams etc. and shall be complete within this year.

Keeping this in view, the School, to begin with, will offer courses in the following streams apart from offering limited credit inputs to willing students of any programme (course)

Post-Graduate and short-term Diploma courses in Indian Civilisation, Culture and Literature.

It will consist of core courses dealing with:

- Outline of Indian History.
- Religious and cultural traditions of India.
- The Evolution of the 'Idea of India' through Indian history.
- Colonisation and its impact.
- Ancient, early modern and contemporary ideas of statecraft.
- Introduction to literature of Sanskrit or Hindi.
- Indian Aesthetics with reference to performing arts and literature.
- India in 21st century: issues and prospects.

There will also be optional courses such as

- Introduction to Hinduism.
- Introduction to Buddhism.
- Culinary history and food culture
- Indian Cinema
- Mass culture and Mass/Social media
- Crafts and fashion
- Trends in Journalism
- Science in India.
- India and Contemporary world.

Under-Graduate (Concurrent) Course and short-term Diploma courses in Ethics, Philosophy and Logic.

Under this stream courses dealing with history of Indian and Western Philosophy; Logic and reasoning, Social and cultural context of evolution of ethical ideas and their application to everyday, practical situations will be offered. These courses will not only give a general idea of the main

trends and issues in the area, but also orient the students to face and resolve the moral dilemmas with an open and inquisitive mind and on the basis of the ethics of justice and inclusion.

The short term course on '*Mahabharata: lessons in leadership and conflict resolution*' has already been successfully conducted. More such courses on other important texts will be offered eventually.

A course on '*The Concept of Dharma*' will be offered in the academic session 2017-18.

The School will also offer boost courses to sharpen the expression and articulation skills of the students.

Dept. of Fine & Performing Arts will offer PG, Diploma and Masters courses in fine arts, sculpture, music, theatre etc. from the coming year. It is planned to take active inputs from the eminent artists of repute from all over the world.

The School will start courses at different levels on South Asia studies, Ethics philosophy & logic, literature & language, apart from India studies, in due course.

Department of Mass Communication

Journalism and mass communication play a pivotal role in the contemporary 'Information society'. These are the effective means of creation of popular opinion which influences the course of national and international events. The young people looking for a career in this area need innovative training in, and perspective of ever widening horizons of mass communication.

The department will offer B.A. (Hons.) Journalism and Mass Communication with innovative training in emerging areas like Digital Journalism and with specialisations like Science, sports, performing arts. There will be an emphasis on the socio-economic structure of society and cultural heritage, so that the students go to the field better equipped to report and analyse everyday developments.

The students will be given intensive training in video, photography and radio techniques.

They will also be sensitised to the idioms, local dialects, social and cultural context and the use of certain words/ language in certain situation. This will be achieved through systematic training of language use.

LAW

The foundation stone of School of Law, ITM University Gwalior was laid with a vision of erecting a premier institution to impart world class legal education and producing skilful legal practitioners, jurists, academicians and responsible citizenry.

The School of Law got recognised by Bar Council of India and University Grant Commission in the very first quarter of Foundation Year and earned appraisal for providing world class infrastructure and facilities.

Moot Court in progress

“Our greatest glory consist not in never falling, but in rising every time we fall.”

- Oliver Goldsmith

We have rich library with treatises of renowned authorities, up-to date case reports and latest online legal search engines offering vast learning experience and opportunity. Regular Court visits and Legal Aid cum Literacy Camp the initiative of Legal Aid Cell, School of Law, ITM University are essential part of its curriculum for better exposure of real time precise details of legal profession and mannerism.

Experienced and highly skilled faculties from premier institutions of India including National Law Universities have exposure to international learning systems and are defending their research at the best universities of the globe.

The School of Law ITM University is gaining its importance because of the fact that the City hosts High Court Bench Gwalior of Madhya Pradesh High Court apart from District and Sessions Court Gwalior and Board of Revenue Madhya Pradesh which provide ample opportunities and environment for nourishing advocacy skills of law students.

Courses Offered

B.A.LL.B. (Hons.) Integrated

B.Com.LL.B. (Hons.) Integrated

Why pursue Law ?

To get into a serious and employable career option which not only helps you to go for legal profession but also become a successful bureaucrat, law consultant, politician, businessman, manager or pursue any career successfully. It gives a pragmatic approach which helps you to excel in every walk of life and think holistically about the society you live in.

Uniqueness

- Elective programs which are Industry/Civil Society oriented augmentation Programs.
- Presentation in the form of seminars and group discussion.
- Internship
- Participate in
- Non-CGPA Credits

- (Co-curricular and Extra-curricular activities)
- Dissertation
- Legal Writing & Interpersonal Skill Development courses
- Moot courts
- Actual courtroom size

CERTIFICATE PROGRAMMES

The ITM University Gwalior offers number of certificate courses from time to time for students and public at large. Some of the courses which have already been offered are as listed below:

1. **Basic German Language Course** (45 hours course): Open to public without any pre-requisite.
2. **Mahabharata** (Lessons in Conflict Resolution and Leadership) (18 hours course): Open to public without any pre-requisite.
3. **C Programming Certification Course** (One month course).
4. **Spread sheet Modelling for Business Optimization: A Case Based Approach** (6 days course).
5. **Certified Equity Market Analyst** (16 days course).
6. **Computer Numeric Control (CNC)** (21 days course)

**CHASE YOUR
DREAM...**

Alumnus 2013

ITM GOI

Comments

"Today, I feel myself a Technically accomplished person, a Progenitor, a good Orator and more importantly a good human being. For this the credit goes to ITM which has provided me with all sorts of Opportunities."

Gaurav Jain
Wipro

"I am very proud and honored to have studied at ITM. Much more than an academic achievement, the environment of ITM helped me a lot to develop my professional and personal skills. I am thankful to TAP Cell to give me this opportunity. Many thanks to ITM."

Falansh Jain
Placed in Sofcon Pvt. Ltd.

"The atmosphere in ITM Universe is so full of fun & pleasure. All kinds of facilities are providing to students so that they can achieve higher goals in their life without any kind of difficulties."

Kinjal Goyal
Wipro

Not every thing that is faced can be changed but nothing can be changed until it is faced. So face challenges, ITM grooms your level of thinking. All the best.

Devanshu Goswami
Placed in Vermeer

"ITM is one of the best institutes in the country provides good job opportunities, best infrastructure, i love ITM.....MISS MY CLG. If you want everything larger than life then ITM is the place i can assure you."

Uday Royzada
Placed in VERMEER

"Proud to be a part of my almamater 'ITM UNIVERSITY'. It has given me a platform to reach my goals and constantly supported and provided guidance in making the best of these four years."

Aditi Mishra
Placed in Wipro

"When I joined ITM my parents had faith on the mgmt. and education system of the college..... And today I can say that ITM lived up to the expectations of my parents...ITM is a perfect combo of fun and moral values at the same platform with world class facilities and environment. I am a proud ITMite..... MY ITM..... CELEBRATING MY DREAMS WITH ME".

Placed in Wipro

ALUMNI

At ITM University, Gwalior we're proud to have one of the large active alumni community with many of the graduates in almost all fields since our group is into education for last 17 years.

We help and act as a conduit to help alumni remain connected with us and with each other, sharing experiences, memories, expertise and enjoying events, networking and career development opportunities.

We regularly conduct alumni reunions that help you enjoy reminiscing about your time here, exchange latest news, catch up with old friends and see the University. Students generally feel more of an affinity with alumni than with any other professional.

Our alumni help us strengthen academic programmes, develop first-rate facilities and resources, support outstanding faculty and enrich the student experience.

Alumni also have opportunity to mentor students and work shadowing.

ITMU Alumni stands for certain values in the campus. Help and encouragement are the prime values of our alumni association and it always act as a bridge between the present students, Management and the former students.

ITMU aims at training the young minds to be leaders in all walks of life and to serve their fellowmen in justice, truth and love ITM Alumni Association aims to students to become ethically and socially conscious men & women. Alumni Association also exposes its members to appreciate delicate aspects of Human life and to be fully aware of Quality quotient.

Joining the Alumni Association

As on April 2017, there are large number of members in our association out of which some are life members & the rest are under the category of new graduates. This year many more students enrolled themselves as new graduates. We encourage all our outgoing students to enroll their names into the association and to become a life member for which they can visit www.itmuniversity.ac.in/itmgroup and look for information on registration, events, news, appeals, announcements, awards, archives, link & photo albums.

Our ever active ITM Alumni Association is planning to review region wise chapters by organizing Alumni meets in different regions. So far we have chapters in

- Mumbai • Bangalore • Hyderabad • Kolkata • USA • UAE
- Pune • Delhi • Vadodara • Ahmedabad • Nagpur • Bhopal
- Lucknow • Nasik • Muscut • Jaipur • Chennai • London • Singapore • Sydney

Alumni Meet - 2015

Alumni Meet - 2014

Alumni Meet - 2013

Mega Alumni Meet & Reunion is planned to be organized in the coming years to come back to campus, reconnect with old friends, exchange experience, know what is happening at ITMU and have a lot of fun with friends & families in ever bubbling Happy & Happening campus i.e ITMU campus, Gwalior.

How to get into the University?

Admission Procedure: Admission is done through ITM NEST and JEE /PRE MCA /PAT /NATA /GATE /CMAT / MAT / XAT/ATMA/CAT Entrance tests as may be applicable. Written tests, Interviews and Group discussion will be conducted for PG / Ph.D. courses (as applicable) and will be considered for admissions with due consideration to academic record and work experience. For more details visit www.itmuniversity.ac.in.

How to Apply

A. Admission Forms are available online at www.itmuniversity.ac.in as well as at Counselling Cell of ITM University Gwalior (M.P.):

- The Application Form for the Entrance Test (ITM NEST) can be obtained against a cash payment of Rs.1000/- from the Counselling Cell, ITM University Gwalior or by sending a Demand Draft for Rs.1000/- drawn in favor of 'ITM University', payable at Gwalior, with a covering letter addressed to "Chairman, Admission Board", ITM University Gwalior, requesting for the Application Form and indicating their complete postal address. On receipt of the DD, the application form will be sent by post. Candidates should write their name, Mobile Number and address on the reverse side of the DD.
- Alternatively, students can download Application Form for free from the website of ITM University Gwalior.

B. Form Submission

- Candidates can also apply online. Online applicants need to pay (a) Rs. 1000/- online in case of application (b) Rs. 11000/- in case of Application and Registration.
- The Application Form duly completed should be checked for all the entries correctly filled with appropriate course codes indicating your choice for seeking admission. (Ensure that the codes have been put in the right spaces provided against each field) and submit it with (a) DD of Rs.1000/- in case of application (b) Rs. 11000/- in case of Application and Registration drawn in favor of 'ITM University', payable at Gwalior along with photocopy of documents as mentioned in application form through Registered post / Speed Post so as to reach ITM University Campus, Turari, By-pass, Jhansi Road, Gwalior, (M.P.) - 474 001-India

Note:

- Incomplete Application Form shall not be considered and no correspondence shall be made in this regard. The Application Form once sold shall not be taken back under any circumstances nor the application fee, refunded in any case.
- The last date for the receipt of completed Application Form at ITM University Gwalior is 30th June (For MBA – 30th May). Any application received after last date will not be accepted. Any delay in receiving the application by the candidate will not be considered without a valid reason for late submission. The University will not accept responsibility for any postal delay, irregularity or loss in postal transit
- Final allotment of course and branch will be done through cumulative merit of ITM – NEST score and 10+2 score. Students as per the merit list can confirm their admissions within stipulated time by paying the balance fee (Rs.10000/- will be adjusted in the course fee).
- If the University is not able to offer admission the registration fee will be refunded after deduction of 10% amount towards processing fee / charges.

ITM GROUP OF INSTITUTIONS, GWALIOR

Established in 1997 by Samata Lok Sansthan Trust at Gwalior, ITM is an A-Grade institute having most number of courses in the state accredited by NBA. ITM is an approved institution by AICTE, Govt. of India, and recognised by Govt. of M.P. and affiliated to Rajiv Gandhi Proudyogiki Vishwavidyalaya (University of Technology of M. P.), Bhopal.

Ranked Gold category Institute by AICTE, Ministry of HRD, Govt. of India in 2017

The Institute is conceived with an objective to impart quality education in the field of engineering and technology so that it emerges out as a world-class institution by contributing towards research and education and to produce high class engineers and technologists. The management of the institute is committed to back this institution so that it becomes the apex centre for quality teaching, development, innovation and extension services in engineering and technology.

With the evolution of interdisciplinary courses like quantum information theory, quantum computing and nano-technology, the Institute is striving to integrate engineering as a concept with technology as a platform taking management as a back bone to convert knowledge to global wealth & prosperity. The Institute recognizes the importance and need of such a scheme in the ideas and thoughts on various technological models. The teaching and learning methodologies follow a rigorous regime involving extended hours of work and challenging assignments.

Curriculum delivery is affected through group and self learning seminars, conferences, case studies, live projects with industry, guest lectures and panel discussions with senior managers and professionals from the industry/ corporate sector /research organizations. The emphasis is on involving the students in learning and helping them to relate concepts and themes to technical cum management requirements. The system of assessment is based on continuous evaluation through tests, surprise quizzes, home assignments, laboratory work, industry projects, presentations, project based learning etc. The sole objective is to provide value added technical education and to produce quality technologists and professionals who are capable to shape the society for better and better advancement and to improve the quality of life of mankind.

Today, time compression has become one of the necessary conditions for successful functioning of an organization. This institute's rehabilitation process is knowledge driven in terms of strategy, technology or logic of competitive success. This is achieved by developing amongst students a culture of inquiry and research through highly competitive academic environment, close student-faculty interaction and linkages with industry and other teaching academic institutions. Monitoring of students by senior

managers and professionals from technical world, summer internship projects are the significant measures to abreast students with the latest development and requirements of professional, technological and corporate world.

The Institute provides an academic environment with accent on self-learning. Students are actively involved in academic and co-curricular activities. ITM is a recognised Centre of Research in Engineering and Technology.

To meet the growing need of technical manpower in the region, the Trust took the initiative to establish Institute of Information Technology & Management (IITM) in 2002. It was conceived to become an excellent centre of quality education in the areas of information technology, communication and management. It aspires to become an illustrious institute shaping the future carrier of young students of the region and beyond in such a manner that they serve the society in an appropriate manner in this fast changing world.

In 2010, AICTE approved a new concept of Group of Institutions under which two Institute ITM&IITM were grouped & named as ITM group of Institutions. Now all facilities, infrastructure etc. are merged into the new entity of ITM Group of Institutions. This will bring about optimum utilisation of HR and educational infrastructure besides opening new vistas for better & meaningful use of resources in the area of research and future technologies.

Institute has established one cell known as IDEAPAD to develop the skill of entrepreneurship in students they are exposed to industries, Experts & workshops to develop entrepreneurship skill among them.

Good number of students passed out from our institute have started their own start-ups of time of crore. Apart from, the institute also motivates the students to participate in seminars, conferences, symposiums, technical fests organised by IIT's, NIT's, and other reputed institutes they have won many prizes in such events so far.

ITM Campus

Various institutes under ITM GOI are situated in a sprawling area along green hills of Vindhyachal ranges and at a highly visible site on National Highway No. 75, opposite Sithouli Railway Station. The Highway is four-way express lane

connecting the North to the South of India. Main tracks of Indian Railways to Mumbai, Chennai, Hyderabad, Bangalore, Indore, Pune etc. run along this part of highway. Sithouli Railway Station is just opposite the campus where few trains do stop benefiting the students, staff & commuters. The concept behind ITM GOI building is eco and environment friendly using low energy consuming materials. The entire blocks of buildings are so strategically placed that there is never a need of artificial light during day time and still remain cool during summers.

Greenery is everywhere; even the corridors in second floor have planters with falling foliage of cheerful bright green colours. All class rooms are air cooled. Atriums in each block give a sense of space, openness & healthy plants add to the beauty of space within the buildings.

Rain water harvesting scheme has been implemented with check dams and soak ponds with lilies & ducks floating around. After over a decade the campus has become green, plants have grown higher and pleasantness of foliage all around gives the right ambience for innovative & creative ideas. Water bodies & fountains add to the beauty of the campus.

With academic / administrative / residential / recreational areas having been developed, Sport grounds & courts are being developed further. A state of art composite sports complex is going to be our latest addition in ITM GOI campus.

An amphitheatre with seating capacity of more than 3000 persons is being used for cultural and co-curricular activities of the Institutes. 200 bedded Boys' hostel has been commissioned with a block of mess & dining of approx. 26,000 sq. feet with semi-mechanised system of hygienic cooking, having enough space for dining & mess facility for 600 persons at a time. Such a vast and modernised space is rarely available in any part of the State.

International Painter's and Sculptor's symposiums are organized by ITM GOI on regular basis and have resulted in world class monumental sculptures and paintings which are now integral part of the campus making it uniquely different institution not only in India but anywhere else in the world.

A good number of family members of ITM GOI staff are residing in exclusive residential flats situated between hostel buildings and a newly renovated guest house is operational for the institute's guest.

ITM-UNIVERSE

MULTI-DISCIPLINARY CAMPUS, VADODARA (GUJARAT)

Gujarat is India's one of the fastest developing States with extra-ordinary rate of growth in double digits, higher than India's Average growth rate and equaling China's rate of growth. Every year billions of INR & U.S. dollars are being invested by Indian Entrepreneurs and through huge FDI inflow. Good law & order situation, respect for entrepreneurial spirit, and Gujarati's love for fun-filled life has brought the state to the iconic level of Golden State of India (Swarnim Gujarat).

Big strides in infrastructural development along with high levels of employment in manufacturing sector is giving rise in demands for skilled manpower for Industries & Service sector which is to be provided by Educational Institutes & Universities.

The need of the hour is to raise the bar of Quality of Education in Gujarat to the level of World Class. Therein lies the reason why Samata Lok Sansthan Trust decided to put in the efforts to establish a Multi-discipline, Technical & Higher Education Campus at Vadodara.

From the academic session 2011-12, the engineering courses at UG level (BE) in streams of Computer Science and Engineering, Civil Engineering, Mechanical Engineering, Electronics & Communication Engineering, Electrical Engineering & Master's Course of Management (MBA) were started after due approval of AICTE, State Government & Gujarat Technical University. School of Architecture, Art & Design (ITMU-SAAD) and MCA are also approved for UG Courses in Architecture & City Planning and in PG Courses of Computer Applications. ITMU-SAAD have also started the diploma in Architecture affiliated to Gujarat Technical University along with PG Courses in M.E. (Mech. Engg.).

ITM Universe Campus at Vadodara is situated on the bank of Vishwamitri River amidst orchard greens of Mangos & Sapodillas (Checkoos) owned by the trust at village – Paldi, on Halol highway. The Campus is 20 minutes drive from Vadodara Airport and is situated in pollution free natural surroundings near Dhanora Lake. An industrial growth centre at Halol, 15 Kms from the campus, is coming up with large scale investments and potential area for jobs. ITM Universe through its UG & PG level and Polytechnic students will also cater to the manpower needs of Halol Industrial Area in particular & Gujarat in general.

Initially, the ITM Universe Vadodara Campus phase 1 has been constructed on 50 acres land in phased manner. This campus will have more than 5 lac square feet of constructed institutional area and other additional amenities spaces. The famous Baroda School of fine arts will find its contemporary reflection in the campus by permanent display of paintings & sculptures in its various academic

& amenity spaces. The campus buzzes with the presence of well known modern and contemporary sculptors from different parts of the world and India, creating their best in various materials. These monumental sculpture and paintings within the campus have added another dimension to the learning environment. ITM Gwalior is known all over India for its co-curricular and extra-curricular activities of high standard especially in the field of Hindustani Classical Music, Literature and Poetry, making the whole learning process holistic in its approach. Cutting-edge technologies and best practices of management ITM Vadodara will see same emphasis on these vital disciplines.

ITM GLOBAL SCHOOL GWALIOR

Inception

The ITM Global School is one of the most cherished dreams of the Management and with its evolution the link from PG to PG (Playgroup to Post Graduation) has been established within the ITM fraternity. The school is ably supported by a Board of Advisors consisting of prominent people from diverse backgrounds - Professionals, Finance Planners, Researchers, Educationists, Public Administrators, Motivators, Social Scientists, Teachers of Eminence, Poets, Artists and Sportspersons. ITM Global School was thus founded in 2014 with the vision to actualize learning at school level and make the process of acquiring knowledge more innovative, encouraging and challenging.

Internationalism

After much research the CIE (Cambridge International Examination) curriculum was implemented at school since this catered to individual student's needs and provided for their creativity and self-expression. Cambridge International Examinations is part of the University of Cambridge, UK and is the world's largest provider of International education programs and qualifications for 5 to 19 year olds. It is a hallmark of excellence in education and its qualifications are well recognized globally as they suit the needs of students of different cultures. There are over 10,000 Cambridge Schools in over 160 countries. The Cambridge programmes and qualifications help learners to become:

Confident in working with information and ideas – their own and those of others

Responsible for themselves, responsive to and respectful of others

Innovative and equipped for new and future challenges

Engaged intellectually and socially, ready to make a difference

The school started with classes up to grade V initially and now offers the Primary Years (up to grade V), Secondary 1(grades VI to VIII), IGCSE (IX and X) and the A/AS Level (grades XI and XII). The school nurtures creativity in a child and evolves their academic potential. The Cambridge International Curriculum offered at the school provides

a platform for high achievement and close connect with schools worldwide. Important links are being established with the British Council, International Schools abroad and in India and International Organizations like CIS and NESAC to provide International exposure.

The curriculum and learning activities revolve around key concepts of the global dimension i.e. knowledge, skills, values, culture, diversity, sustainable development and human rights. We believe that the outcome of the global curriculum and activities will enable students to challenge stereotypes, think objectively and to apply the knowledge concepts in the real world. The teaching-learning programme is a fusion and integration of traditional and modern approaches to include activity and theme based learning, free expression and creativity, integrated learning, self-learning and experimentation. A team of well qualified academicians ensure that these key components are part of the detailed lesson planning.

The education is child centric and classes are very interactive.

Instructors - teacher mentors

The teacher acts as a facilitator, mentor, friend and guide. They inspire students, generate excitement and curiosity for learning and support students through their individual style of learning. Use of smart boards, laboratories (Science, Language, Mathematics, EVS, Computer), Flash cards and other such resources are done regularly. The teachers are frequently designing new learning experiences and methods that enable students to construct their knowledge base more concretely. Teachers regularly hold meetings to understand the personal profile of students, obtain the status of their achievements and to implement remedial and support systems for weaker students. Regular professional development workshops are organized to keep them abreast with the latest in pedagogical research. Behavioural issues are handled with care and understanding without adversely affecting the child's integrity and consequences allow for rehabilitation and restoration. The teacher-advisor allotted to each student ensures that the child's perspective

is heard and recognized. Counselling sessions are held frequently and student issues are discussed objectively.

Internalization - Learning through activities

Learning outside of the classroom is as important as the teaching within the classroom and therefore field trips, school activities, projects and excursions are closely connected with the concepts being taught. School ensures that the students explore the world around them to see the things they have learnt in the classroom come live. The various other such activities through the year include kitchen garden projects, Model UN, cooking without fire, grand-parents day, visit to orphanages, working with underprivileged children, debates, dramatics, competitions, the list goes on. Special guest lectures are arranged for the students wherein a specialist from one field is invited to speak to the students and to interact with them informally. Topics for guest lecture includes personality development, hygiene, social issues and their resolution, philosophy and many more areas directly connected with student life. Students are also provided opportunities to interact with famous personalities to include Cabinet Ministers, actors, ambassadors, industrialists and other prominent people serving the nation. Students look forward to such opportunities and learn from the personal struggles and experiences of such eminent men and women.

Implementations - Fine and Performing Arts

Fine and performing arts are given prominence. Top-notch artists, musicians, dancers, sculptors and singers are invited to mingle and interact with students so that they inspire them to take up these skills which would become part and parcel of their whole life. Students thus get countless opportunities to discover and define themselves through rehearsals for a play, choreography of a dance, creation of stage sets, completion of a painting, moulding of a sculptural image, practicing vocals, playing a musical instrument, creating through craft and even shooting of a video. These are linked with theme based learning in core subjects and knit closely with concept building. Music is offered to all classes. The school band and choir perform at events and assemblies. Both Indian and Western classical music is encouraged providing a good base for the students to excel in music in the years to come. Songs of different countries are also taught along with songs from different regions of India thus creating a varied mix of exciting numbers which are sung on special occasions. Specialized workshops are conducted by renowned artists from all these fields.

Intensity - Sports

Sports are an integral part of the school curriculum. The intensity of the players is evident through their efforts to succeed. Specialized training is given in Cricket (through tie up with YSCE – Yuvraj Singh Centre for Excellence), Floorball (only school in Gwalior to offer this sport), Tennis, Basketball and Football. Coaches and trainers are available in other sports too. School was privileged to host the National Level Floorball and State Level Basketball

PAINTING AND CLAY-STUDIOS

WORDSWORTH LANGUAGE LAB

DIGITAL LIBRARY

tournaments on its campus. Some of the students have participated at National Level in Tennis and Floorball. Students have also been position holders in karate and archery at State and National Level respectively.

Impressions - Achievements

ITM Global School, is the only school in Gwalior awarded the ASSOCHAM National Excellence Award in Education by HRD ministry for three consecutive years 2015, 2016 and 2017, for innovative teaching pedagogy, high quality value based educational practices and the most conducive learning environment for students.
